Re: Urban League
vs. Old Bridge Township

Dear Ms. Williams:

This is to confirm our telephone conversation of today wherein I indicated that the Township Council met in Executive Session on October 17, 1984 to discuss your response to the Township proposal, as well as to discuss other issues regarding Planning Board procedures and Township Engineering specifications. As a result of that meeting the Town Council has decided to have a Special Meeting regarding its Mt. Laurel II obligation on October 29, 1984 at 8:00 P.M. It is anticipated that the Township Council will take formal action regarding its Land Use Ordinance at that time. On October 30, 1984 I will inform you as to whether or not formal action had been taken by the Council and the nature of that action, if any.

Thank you for your attention to this matter.

Very truly yours,

Jerome J. Convery,
Township Attorney
