RE: Urban League of Greater New Brunswick
 vs Borough of Carteret, et als

Dear Judge Serpentelli:

As you know, East Brunswick settled its Mount Laurel II litigation and we now are confronted with the settlement as a political campaign issue (as we knew we would be). I do not know whether anyone in your office regularly reads the Home News for local reaction to litigation but I thought you might be interested in the enclosed article from the October 4, 1984 edition.

Respectfully yours,

 BERTRAM E. BUSCH
