Dear Roy, Alan and John:

Enclosed please find an article concerning the sale of the last major municipal property in Edison Township. The article states that the Township hopes to receive eight million dollars from the sale of the sixty acres. I believe that a scarce resources order could be imposed against Edison requiring a 20% set-aside obligation on the property if the matter was brought before either the courts or COAH.

Sincerely,

Kenneth E. Meiser, Esq.

KEM/baf
