Re: Urban League v. Carteret, et al
(Monroe Greens v. Monroe Township)

Dear Judge Serpentelli:

It has been quite a while since anything has happened in the above captioned matter, as can be gleaned from the previous correspondence sent to you by all the parties. I am enclosing herewith copies of letters printed in the local newspaper by the council president and by the Mayor which are self-explanatory. In the same paper is a reprint of a recent article of the N.J.B.A.'s position of the governor's view of Mt. Laurel which I thought would be of interest to you.

I trust the enclosures will give you a better idea of what the real situation is like in Monroe and I respectfully request that all parties and the Master, Carla Lerman, meet with Your Honor to expedite the situation.

Respectfully yours,

 STEWART M. HUTT
