RE: Telephone conferences with Bill Lane on July 2, 1985

Bill Lane called as to whether could hold a ZBA meeting tonight and whether could reach a decision on an Elderlodge matter. Discussed same with Eric. Originally thought we had not received ZBA agenda and agreed action could not vest against Urban League, as to Elderlodge December order prevails. Called Lane. Agreed as to Elderlodge. Agenda as to ZBA meeting mailed on June 5, 1985, disagreed as to nonvesting as to non-Mount Laurel sites. Checked with Eric and we will agree providing Lane represents at meeting applications subject to terms of pending Court Order and no building permits as previously indicated. Called back Lane and he agreed to same.
