Hon. Eugene D. Serpentelli
Superior Court
Ocean County Court House
Toms River, New Jersey 08753

Dear Judge Serpentelli,

Yesterday I mailed you the response regarding the Temporary Restraining Order on the Riedhal property in Piscataway.

I am presently working on the evaluation of all the vacant sites in Piscataway, regarding recommended densities for residential development.

In September, Piscataway provided me with some pages from the 1978 Master Plan, and the 1983 update, relating to traffic flows. They also provided a Soil Survey Report for the Township. I was not able to obtain from the Township all the information prepared for each site that I suggested in my letter in July. Therefore it is taking a little longer than it would have had their individual site summary been available.

I am assuming that this report was expected to be completed by October 25, 1984. If that is indeed the case, I would like to request a fifteen day extension, until November 9, 1984.

I appreciate your consideration in this matter.

Sincerely,

Carla L. Lerman
