Dear Mr. Burns:

Plaintiffs' expert is presently reviewing amendments made in the North Brunswick zoning ordinance.

In order to properly assess these changes, plaintiffs require the following additional information:

- (1) How many acres are there in the RDT zone?
- (2) How many acres are there in the RM zone?
- (3) How many vacant developable acres, out of the total in number 1 above, are there in the RDT zone?
- (4) How many vacant developable acres, out of the total in number 2 above, are there in the RM zone?
- (5) We also need clarification of Sections 4-22 (inclusive) of the zoning amendments as forwarded to us. We would appreciate an annotation in the margin for each section as to (a) which zone is referred to, and (b) whether that section was deleted from the final ordinance amendments as passed.
