INTERROGATORY - ANSWERS

13. Existing: None

Proposed: Bayview Terrace, Cliffwood Beach, 160 units for senior citizens.

Proposed: Senior Citizens, Ticetown Road, 216 units, presently pending before Zoning Board of Adjustment.

(a) Yes

(b) Yes, by resolution of Township Council. Copies are public records and may be inspected at Municipal Building.

14. Yes, see attached Madison Township Housing Study.

See attached Housing Assistance Plan recently submitted as part of Township application for Title 1 Housing & Community Development Act of 1974 to Middlesex County.

Additional data is on file at office of Township Clerk of Township and are public documents and may be inspected.

18. We haven't any record of commercial establishments and their number of employees. Therefore, this answer only accounts for those industries employing more than 15 persons. Of the industries employing more than 15 person, the total employment is 1100 persons. Of this total, 16% are Spanish speaking, 8% are blacks and .36% are other. Many of the industries contacted expressed a willingness to have their totaly employment listed in a total figure; but many would not authorize us to give their exact number of employees -- their claim being that this would effect their business.

20. The Township of Madison (Old Bridge) has formed under state law, an Industrial Commission to encourage industries to locate within the boundaries of the Township. This Commission has been in existance approximately 21 years. The present Chairman of the Board has been a member and Chairman in excess of 11 years. The Township spends upwards of \$25,000 per year to encourage industry to locate in the Township, maintains a full-time staff and office, engages in advertising, consults with the Council, the Manager, the Zoning Board, the Planning Board and all other departments which effect industry. The Township is presently reviewing the Commission with a thought toward expanding its activities, increasing its efficiency and attracting more industry to the Township.

20. continued

The Township does have a sufficient labor force in all categories to support industry at this time. The Township also has zoned thousands of acres which may be used by industry. The Township has further made it known through the Council and the Manager that commercial and industrial activities of a desirable nature will be given every cooperation.

24.

- (a) See attached - Abeles, Schwartz & Associates, Madison Township Housing Study, March 1974; 18 Throckmorton Lane - on file at Planning Offices of municipality and may be examined there; plus additional work by Township Planner.
- (b) See previously cited report, plus additional work by Township Planner on file as above.
- (c) Community Development Program, Township Planner, March, 1975 - 13 pages; 18 Throckmorton Lane (summary attached)
- (d) No special studies
- (e) See Madison Township Housing Study
 - (1) On file with Township Planner
 - (2) Middlesex County Housing Assistance Plan, March, 1975; Middlesex County Planning Board, New Brunswick
- (f) See Volume I, Basic Studies, December 1969, Herbert H. Smith Associates. Copies may be inspected at Office of the Township Planner.
- (g) Wages in the Township range from \$2.10 per hour to \$5.60 per hour, not counting fringe benefits. It should be noted here that the vast majority carry life insurance, health benefits, vacations, etc. Salary range would be from \$4,800 per year to \$45,000 per year, again not counting fringe benefits.

INTERROGATORY - ANSWERS

25. (a) Middlesex County Planning Board, Housing Assistance Plan, March 1975, County Planning Board, New Brunswick (no summary available)
- (b) None
- (c) See report under item (a)
- (d) No

C. EXPLANATION OF PRIORITIES

* In the Lawrence Harbor-Cliffwood Beach section of the Township, it has become apparent that a significant number of residences do not have central heating or adequate electrical service.

During the first three year Community Development Program, Madison Township has set a goal of bringing 30 dwelling units up to acceptable standards. Therefore, in the establishment of priorities rehabilitation grants and/or loans, three factors will be considered in determining eligibility:

- 1) Lack of central heating
- 2) Inadequate electrical service (less than 60 amps)
- 3) Inadequate insulation and/or general weatherproofing.

* Optional
** Explain any State agency amounts included
