RE: Urban League of Greater New Brunswick, et als.,  
vs. The Mayor and Council of Carteret, et als.  
Docket No. A-4683-75

Gentlemen:

In response to the plaintiffs' Motion to Consolidate all of the appeals arising out of the above entitled matter, and on behalf of the defendant-appellant, Township of Plainsboro, I have no objection to the consolidation of all of the appeals involving the 11 Middlesex County communities which were given quotas of low income housing; namely:

- |                  |                                      |
|------------------|--------------------------------------|
| South Plainfield | A-4720-75                            |
| Cranbury         | A-4681-75                            |
| Sayreville       | A-4723-75                            |
| Piscataway       | A-4722-75                            |
| East Brunswick   | A-4721-75                            |
| Monroe           | A-4759-75                            |
| Plainsboro       | A-4683-75                            |
| South Brunswick  | A-4685-75                            |
| Edison           | (Cross-appeal filed by Urban League) |
| North Brunswick  | (Cross-appeal filed by Urban League) |
| Old Bridge       | (Cross-appeal filed by Urban League) |

It is my understanding that the other municipalities settled their differences with the Urban League before the trial court; and, therefore, the purported appeal by the Urban League is improper. I feel that the Court should determine the Motions to dismiss prior to consolidating the case to cover

the non-quota municipalities. In the event that the Motions to Dismiss are denied, then I would favor consolidation of all appeals.

Very truly yours,
