Re: Civic League of Greater New Brunswick
v. Township of Edison, L-6837688

Dear Don:

I am enclosing herewith a copy of the complaint, order to show cause and supporting papers in the Edison case. The complaint was filed on June 14, 1988.

As you know, our present purpose in filing the complaint is to trigger review and mediation by COAH. As a Rutgers employee, I am barred by the present interpretation of the Ethics Law from doing even so little as requesting that COAH initiate action. However, such a request will be made forthwith by other volunteer counsel representing the Civic League.

To expedite matters, I am furnishing COAH with a set of these papers directly by copy of this letter. Thank you for your assistance in explaining how to proceed in this unusual matter.

Very truly yours,

John M. Payne
