v. Holmdel Tp. (Dkt. No. L-015209-84PW)

Dear Judge Serpentelli:

I understand that Mr. Reisner, on behalf of the defendant, has raised a problem with the trial date of October 15, 1984, due to Mr. Queale's planned vacation which commences on October 22, 1984. I object to any delay of the trial date.

I have no objection to Mr. Queale being taken out of turn or to the trial date being moved forward to an earlier date in order to accomodate him. I would agree to having him as the first witness if necessary.

My previous motion regarding municipal bad faith and actions against my client's economic interests was withdrawn, without prejudice, in part because of the trial date being set in mid-October. I do not believe that further delay is justified.

Respectfully yours,

Carl A. Bisgaier
