MEMO TO MONROE FILE

From: Barbara

Date: May 3, 1985

Received telephone call from Arnold Mytelka re his meeting with Carla Lerman today. "Just between us" he thinks Carla has been co-opted by her working with Council. It appears many of the items in the report were her ideas and she is defensive about the Report. Hopes he was able to convince her about his doubts.

Wants to have meeting or at least conference call with Alan this week to discuss.
