(NJPDES no. 0033995)

Dear Mr. Callahan:

The Bureau of Planning and Standards has reviewed your project for consistency with the provisions and reconrrtendation of the Upper Raritan Water Quality Management Plan. We have found your project to be inconsistent with this plan. According to the provisions of the Upper Raritan plan there are no projections for the expansion of the above referenced treatment facility.

A finding of inconsistent means that the Department cannot issue a permit for the project. If you wish to proceed with this project please contact Brian McLendon of my staff at (609) 633-7021. He will inform you of the appropriate procedure to follow.

Sincerely,

George Horzempa, Chief
