

## CHAPTER 22

AN ACT concerning financial assistance for underground storage tanks, and amending P.L.1997, c.235.

**BE IT ENACTED** *by the Senate and General Assembly of the State of New Jersey:*

1. Section 5 of P.L.1997, c.235 (C.58:10A-37.5) is amended to read as follows:

C.58:10A-37.5 Awarding of financial assistance.

5. a. The authority may award financial assistance from the fund to an eligible owner or operator in the form of a loan or a conditional hardship grant as provided in this section. An award of financial assistance, either as a loan or a grant, or a combination of both, may, upon application therefor, be for 100% of the eligible project costs. However, a loan that any applicant may receive from the fund for an upgrade, remediation, or closure, or any combination thereof, for any one facility, may not exceed \$1,000,000 and a grant that any applicant may receive from the fund for any one facility, may not exceed \$250,000. The total amount of financial assistance awarded as grants in any one year may not exceed one third of the total amount of financial assistance awarded in that year except that this limitation upon the award of grants shall not apply to financial assistance awarded between January 1, 1999 and March 31, 2004.

b. A public entity applying for financial assistance from the fund may only be awarded financial assistance in the form of an interest free loan.

c. An applicant, other than a public entity, may apply for and receive a conditional hardship grant as provided in paragraph (1) of this subsection, or a loan for an upgrade, closure, or remediation as provided in paragraph (2) of this subsection. Financial assistance awarded an applicant pursuant to this subsection may consist entirely of a conditional hardship grant, a loan for an upgrade, or loan for a closure, or a loan for a remediation, or any combination thereof, except that the total amount of the award of financial assistance shall be subject to the per facility dollar limitation enumerated in subsection a. of this section. Notwithstanding any other provision of this subsection to the contrary, no tax exempt, nonprofit organization, corporation, or association shall be awarded a conditional hardship grant pursuant to paragraph (1) of this subsection.

(1) A conditional hardship grant for eligible project costs of an upgrade, closure or remediation shall be awarded by the authority based upon a finding of eligibility and financial hardship and upon a finding that the applicant meets the criteria set forth in this act.

In order to be eligible for a conditional hardship grant, the applicant shall have owned or operated the subject petroleum underground storage tank as of December 1, 1996 and continually thereafter or shall have inherited the property from a person who owned the petroleum underground storage tank as of that date. No applicant shall be eligible for a conditional hardship grant if the applicant has a taxable income of more than \$100,000 or a net worth, exclusive of the applicant's primary residence, of over \$100,000.

A finding of financial hardship by the authority shall be based upon a determination that an applicant cannot reasonably be expected to repay all or a portion of the eligible project costs if the financial assistance were to be awarded as a loan. The amount of an award of a conditional hardship grant shall be the amount of that portion of the eligible project costs the authority determines the applicant cannot reasonably be expected to repay.

In making a finding of financial hardship for an application for the upgrade, closure, or remediation of a petroleum underground storage tank, where the petroleum underground storage tank is a part of the business property of the owner, the authority shall base its finding upon the cash flow of the applicant's business, whether or not any part of the applicant's business is related to the ownership or operation of that petroleum underground storage tank. In making a finding of financial hardship for an application for the upgrade or remediation of a petroleum underground storage tank, where the petroleum underground storage tank is not a part of the business property of the owner, the authority shall base its finding upon the applicant's taxable income in the year prior to the date of the application being submitted.

If the authority awards a conditional hardship grant in combination with a loan pursuant to this subsection, the authority shall release to the applicant the loan monies prior to the release of the conditional hardship grant monies.

Conditional hardship grants awarded to an applicant shall be subject to the lien provisions enumerated in section 16 of P.L.1997, c.235 (C.58:10A-37.16).

(2) A loan to an eligible owner or operator for the eligible project costs of an upgrade, closure, or remediation shall be awarded by the authority only upon a finding that the applicant other than a public entity is able to repay the amount of the loan.

In making a finding of an applicant's ability to repay a loan for the upgrade, closure, and remediation of a regulated tank, or for the remediation of a discharge from a petroleum underground storage tank, the authority shall base its finding, as applicable, upon the cash flow of the applicant's business, the applicant's taxable income and the applicant's personal and business assets, except that the authority may not consider the applicant's primary residence as collateral, except that the authority may consider the applicant's primary residence as collateral with the permission of the applicant or where the subject petroleum underground storage tank or regulated tank is located at the primary residence.

d. The authority shall, where applicable, require an applicant applying for financial assistance from the fund to submit to the authority the financial statements of the applicant's business for three years prior to the date of the application, the most recent interim financial statement for the year of the application, the applicant's federal income tax returns, or other relevant documentation.

e. Nothing in this section is intended to alter the priority or criteria for awarding financial assistance established pursuant to section 4 of P.L.1997, c.235 (C.58:10A-37.4).

f. An eligible owner or operator may only be awarded that amount of financial assistance issued as a loan for which the applicant demonstrates he could not qualify for and obtain as a commercial loan. The provisions of this subsection shall not apply to an owner or operator or petroleum underground storage tank used to store heating oil for onsite consumption in a residential building.

2. Section 7 of P.L.1997, c.235 (C.58:10A-37.7) is amended to read as follows:

C.58:10A-37.7 Conditions for awarding financial assistance.

7. a. The authority shall award financial assistance to an owner or operator of a facility only if the facility is properly registered with the department pursuant to section 3 of P.L.1986, c.102 (C.58:10A-23), where applicable, and if all fees or penalties due and payable on the facility to the department pursuant to P.L.1986, c.102 have either been paid or the nature or the amount of the fee or penalty is being contested in accordance with law.

b. The authority may deny an application for financial assistance, and any award of financial assistance may be recoverable by the authority, upon a finding that:

(1) in the case of financial assistance awarded for a remediation, the discharge was proximately caused by the applicant's knowing conduct;

(2) in the case of financial assistance awarded for a remediation, the discharge was proximately caused or exacerbated by knowing conduct by the applicant with regard to any lawful requirement applicable to petroleum underground storage tanks intended to prevent, or to facilitate the early detection of, the discharge;

(3) the applicant failed to commence or complete a remediation, closure, or an upgrade for which an award of financial assistance was made within the time required by the department in accordance with the applicable rules and regulations, within the time prescribed in an administrative order, an administrative consent agreement, a memorandum of agreement, or a court order; or

(4) the applicant provided false information or withheld information on a loan or grant application, or other relevant information required to be submitted to the authority, on any matter that would otherwise render the applicant ineligible for financial assistance from the fund, that would alter the priority of the applicant to receive financial assistance from the fund, that resulted in the applicant receiving a larger grant or loan award than the applicant would otherwise be eligible, or that resulted in payments from the fund in excess of the actual eligible project costs incurred by the applicant or the amount to which the applicant is legally eligible.

Nothing in this subsection shall be construed to require the authority to undertake an

investigation or make any findings concerning the conduct described in this subsection.

c. An application for financial assistance from the fund for an upgrade or closure of a regulated tank shall include all regulated tanks at the facility for which the applicant is seeking financial assistance. Once financial assistance for an upgrade, closure or a remediation is awarded for a facility, no additional award of financial assistance may be made for that facility. However, if an applicant discovers while performing upgrade or closure activities that a remediation is necessary at the site of a facility, and if financial assistance was previously awarded for that site only for an upgrade or closure of a regulated tank, the applicant may amend his application and apply for financial assistance for the required remediation subject to the limitations enumerated in section 5 of this act. An application for financial assistance for an upgrade or closure of a regulated tank shall be conditioned upon the applicant agreeing to perform, at the time of the upgrade or closure, any remediation necessary as a result of a discharge from the regulated tank and commencement of the remediation within the time prescribed and in accordance with the rules and regulations of the department.

d. Except as provided below, no financial assistance for upgrade or closure shall be awarded for any regulated tank required to meet the upgrade or closure requirements pursuant to 42 U.S.C. s.6991 et seq. or P.L.1986, c.102 (C.58:10A-21 et seq.), or for the remediation of a discharge from any such regulated tank except as provided in subsection c. of this section, unless the application is filed with the authority prior to January 1, 1999 and the application is complete and the application fee is received by August 1, 1999. No financial assistance for upgrade or closure shall be awarded for any underground storage tank with a capacity of over 2,000 gallons used to store heating oil for onsite consumption in a nonresidential building required to be upgraded pursuant to P.L.1986, c.102 (C.58:10A-21 et seq.) but not pursuant to 42 U.S.C. s.6991 et seq. or for the remediation of a discharge from any such regulated tank except as provided in subsection c. of this section, unless the application is filed with the authority prior to August 31, 1999 and the application is complete and the application fee is received by March 31, 2000.

e. The date of occurrence of a discharge shall not affect eligibility for financial assistance from the fund. Except for a preliminary assessment or a site investigation performed after the effective date of P.L.1997, c.235 (C.58:10A-37.1 et seq.), and except as provided in subsections g. and h. of this section, no award of financial assistance shall be made from the fund for the otherwise eligible project costs of a remediation, closure, or an upgrade, or parts thereof, completed prior to an award of financial assistance from the fund.

f. No financial assistance may be awarded from the fund for the remediation of a discharge from a petroleum underground storage tank if financial assistance from the Hazardous Discharge Site Remediation Fund established pursuant to section 26 of P.L.1993, c.139 (C.58:10B-4) has previously been made for a remediation at that site as a result of a discharge from that petroleum underground storage tank. No financial assistance may be awarded from the fund for the remediation of a discharge from a petroleum underground storage tank if the discharge began subsequent to the completion of an upgrade of that petroleum underground storage tank, which upgrade was intended to meet all applicable upgrade regulations of the department, no matter when the upgrade was performed.

g. Notwithstanding any provision of P.L.1997, c.235 (C.58:10A-37.1 et seq.), where an eligible owner or operator has filed an application for financial assistance from the fund, and there are either insufficient monies in the fund or the authority has not yet acted upon the application or awarded the financial assistance, the eligible owner or operator may expend its own funds for the upgrade, closure, or remediation, and upon approval of the application, the authority shall award the financial assistance as a reimbursement of the monies expended for eligible project costs.

h. Notwithstanding any provision to the contrary of P.L.1997, c.235 (C.58:10A-37.1 et seq.), if an applicant has expended the applicant's own funds on a remediation prior to filing an application for financial assistance from the fund for the eligible project costs of the remediation, the authority, upon approval of the application, may make a grant from the fund pursuant to paragraph (1) of subsection c. of section 5 of P.L.1997, c.235 (C.58:10A-37.5) to reimburse the eligible owner or operator for the eligible project costs of the remediation.

3. This act shall take effect immediately and section 2 shall be retroactive to January 1, 2000

Approved February 2, 2001.
