In addition to the sum hereinabove for Relocation Assistance, such amounts as may be required to fund relocation costs of boarding home residents are appropriated from the Boarding Home Rental Assistance Fund.

The unexpended balance as of June 30, 2001 in the Aid for GAAP Accounting Implementation is appropriated. Any training from Aid for GAAP Accounting Implementation shall be through purely voluntary local interest and nothing provided in this act shall require any municipality to adopt GAAP accounting or to participate in a program to encourage GAAP accounting.

Notwithstanding any provisions of the "Local Budget Law," P.L.1960, c.169 (C.40A:4-1 et seq.), to the contrary, the Director of the Division of Local Government Services may require any municipality which is determined to be experiencing fiscal distress pursuant to the provisions of the "Special Municipal Aid Act," P.L.1987, c.75 (C.52:27D-118.24 et seq.), to anticipate and include in its annual budget any additional item or amount of revenue as the director deems to be appropriate and fiscally prudent.

Notwithstanding any provision of law to the contrary, municipal appropriations for "Reserve for Tax Appeals" may be made in exception to spending limitations pursuant to section 3 of P.L.1976, c.68 (C.40A:4-45.3).

Notwithstanding any provision of law to the contrary, any qualified municipality as defined in section 1 of P.L.1978, c.14 (C.52:27D-178) for fiscal year 2001, and the Borough of Keansburg, shall continue to be a qualified municipality thereunder for fiscal year 2002.

The unexpended balance as of June 30, 2001 in the Domestic Violence Training Cost Reimbursement-Local Law Enforcement Agencies account is appropriated.

The amount hereinabove for Special Municipal Aid has been reduced to reflect savings provided to eligible municipalities from the reduced PFRS local employers' contributions afforded pursuant to the "Pension Cost Stabilization Act," P.L.2001 c.44 (C.43:16A-15).

The amount hereinabove for Consolidated Municipal Property Tax Relief Aid shall be distributed on the following schedule: on or before July 15, 35% of the total amount due; August 1, 10% of the total amount due; September 1, 30% of the total amount due; October 1, 15% of the total amount due; November 1, 5% of the total amount due; and December 1, 5% of the total amount due.

Notwithstanding any law to the contrary, from the amount received from the Consolidated Municipal Property Tax Relief Aid program, each municipality shall be required to distribute to each fire district within its boundaries the amount received by the fire district from the Supplementary Aid for Fire Services program pursuant to the provisions of the fiscal year 1995 annual appropriations act, P.L.1994, c.67.

Municipalities that received Municipal Revitalization Program aid in fiscal year 1995 pursuant to the provisions of P.L.1994, c.67 shall continue to be subject to the provisions of the "Special Municipal Aid Act," P.L.1987, c.75 (C.52:27D-118.24 et seq.), and the Director of the Division of Local Government Services may withhold aid payments or portions thereof from any municipality that fails to comply with those provisions, until such time as the director determines the municipality to be in compliance.

Notwithstanding any law to the contrary, the amount hereinabove for Consolidated Municipal Property Tax Relief Aid shall be distributed in the same amounts, and to the same municipalities which received funding pursuant to the fiscal year 2001 annual appropriations act, P.L.2000, c.53, and adjusted according to the provisions of P.L.1999, c.168, or pursuant to other amendatory or supplementary law except that the amount received by the City of Newark shall be reduced by an amount certified by the Division of Taxation and appropriated to the Division of Taxation for any aspect of the revaluation of real property in Newark, subject to the approval of the Director of the Division of Budget and Accounting.

Of the amount appropriated hereinabove for Consolidated Municipal Property Tax Relief Aid, \$13,091,746 is appropriated to those municipalities which have experienced a loss in business personal property tax revenues as a result of reductions in the assessed value of personal property of local exchange telephone companies - Taxable Value of Machinery, Implements, and Equipment of Telephone Messenger System - between 1998 and 2000 as a result of the use of new tax depreciation methods by such companies and which further qualify for the receipt of such State aid in accordance with this paragraph. The Director of the Division of Taxation shall certify to the Director of the Division of Local Government Services the amount of the decrease in assessed value of such personal property of local exchange telephone companies for each municipality between 1998 and 2000. The Director of the Division of Local Government Services shall then utilize this information to calculate the amount of total property taxes lost by each municipality in calendar year 2000 and shall identify those municipalities whose loss in property taxes is equal to or greater than one percent of the total municipal property tax levy in 2000. Such qualified municipalities shall receive State aid from the amount appropriated hereinabove, in the amounts certified by the Director of the Division of Local Government Services, to offset the loss of such property taxes. Such State aid shall be added to the amount of Consolidated Municipal Property Tax Relief Aid otherwise allocated to the municipalities for Fiscal Year 2002. The Director shall further take such actions as may be necessary to ensure that the proportion of State aid that would have otherwise been used for the support of public schools will be used to reduce the school property tax levy for those affected school districts with the remaining State Aid used as municipal property tax relief. The chief financial officer of the municipality shall pay to the

school districts such amounts as may be due by December 31, 2001.

Notwithstanding any law to the contrary, whenever funds appropriated as State aid and payable to any municipality, which municipality requests and receives the approval of the Local Finance Board, such funds may be pledged as a guarantee for payment of principal and interest on any bond anticipation notes issued pursuant to N.J.S.40A:2-8 and any tax anticipation notes issued pursuant to N.J.S.40A:4-64 by such municipality. Such funds, if so pledged, shall be made available by the State Treasurer upon receipt of a written notification by the Director of the Division of Local Government Services that the municipality does not have sufficient funds available for prompt payment of principal and interest on such notes, and shall be paid by the State Treasurer directly to the holders of such notes at such time and in such amounts as specified by the director, notwithstanding that payment of such funds does not coincide with any date for payment otherwise fixed by law.

Any unexpended balance as of June 30, 2001 in the Extraordinary Aid (C.52:27D-118.36) (PTRF) account previously designated by law to fund or reimburse costs incurred by any local government unit to implement the Gov-Connect - Government-to-Government Network, as determined by the Director of the Division of Budget and Accounting, is appropriated.

The amount appropriated hereinabove for the Legislative Initiative Municipal Block Grant Program (PTRF) shall be distributed to the same municipalities and in the same proportions as the distributions received therefrom during fiscal year 2001.

In addition to the amount hereinabove for the Legislative Initiative Municipal Block Grant program there are appropriated such sums as may be necessary, not to exceed \$1,000,000, to hold harmless any town that lost population between the 1990 and 2000 U.S. Census counts.

Notwithstanding the provision of any law to the contrary, any local unit that is eligible for funding of REAP aid under P.L.1999, c.61 (C.54:4-8.76 et seq.) in the fiscal year ending June 30, 2002, and that received REAP aid in the prior fiscal year shall receive REAP aid funding in the current fiscal year in an amount that is not less than the amount received in the prior fiscal year.

Of the amount hereinabove for Direct Educational Services and Assistance, an amount equal to the total earnings of investments of the School Fund in excess of the amount allocated for School Construction and Renovation shall first be charged to such fund.

Notwithstanding the provisions of section 14 of P.L.1977, c.193 (C.18A:46A-19.8) for the purpose of computing Nonpublic Handicapped Aid for pupils requiring the following services, the per pupil amounts shall be: \$1,185.64 for an initial evaluation or reevaluation for examination and classification; \$355.50 for an annual review for examination and classification; \$901.06 for speech correction; and \$785.81 for supplementary instruction services.

Notwithstanding the provisions of section 9 of P.L.1977, c.192 (C.18A:46A-9), the per pupil amount for compensatory education for the 2001-2002 school year for the purposes of computing Nonpublic Auxiliary Services Aid shall equal \$739.60.

Notwithstanding the provisions of section 8 of P.L.1991, c.226 (C.18A:40-30), the amount appropriated hereinabove for Nonpublic Nursing Services Aid shall be made available to local school districts based upon the number of pupils enrolled in each nonpublic school on the last day prior to October 16, 2000.

Nonpublic Technology Initiative aid shall be paid to school districts and allocated for nonpublic school pupils at the rate of \$40 per pupil in a manner that is consistent with the provisions of the federal and State constitutions.

Of the amount hereinabove in the High School Equivalency and the Adult Literacy accounts, such sums as are necessary may be transferred to an applicant State department.

¹[The unexpended balances as of June 30, 2001 in the Nonpublic Handicapped Aid account and the Nonpublic Auxiliary Services Aid account are appropriated for the Commissioner of Education to disburse increased amounts in one or more of the per pupil amounts authorized herein for an initial evaluation or reevaluation for examination and classification, speech correction, supplementary instruction services, and compensatory education; and to increase the per pupil amount for home instruction.]¹

¹[Notwithstanding the provisions of P.L.1996, c.138 (C.18A:7F-1 et seq.) or any other law to the contrary, a school district which has a T&E budget for the 2001-2002 school year calculated pursuant to subsection d. of section 13 of P.L.1996, c.138 (C.18A:7F-13) which is below the minimum T&E budget calculated pursuant to subsection c. of section 13 of P.L.1996, c.138 (C.18A:7F-13) and which is the sending district in a sending-receiving relationship with an Abbott District shall receive supplemental State aid in such amount as is required to increase the district's T&E budget to the minimum T&E budget.]¹

Notwithstanding section 11 of P.L.1996, c.138 (C.18A:7F-11), the required appropriation for the State's Core Curriculum Standards Aid contribution for the 2001- 2002 school year has been reduced by \$5,000,000, to be held in reserve pending the determination of income appeals filed pursuant to section 15 of P.L.1996, c.138 (C.18A:7F-15). In addition to the amount appropriated hereinabove for Core Curriculum Standards Aid, there is appropriated \$5,000,000 for payment of income appeals, subject to the approval of the Director of the Division of Budget and Accounting. In determining income appeals the property value multiplier and income multiplier shall be the same as originally calculated.

The Commissioner of Education shall not authorize the disbursement of funds to any "Abbott district" until the commissioner is satisfied that all educational expenditures in the district will be spent effectively and efficiently in order to enable those students to achieve the core curriculum content standards. The commissioner shall be authorized to take any necessary action to fulfill this responsibility. The commissioner may deduct from the State aid of any "Abbott district" the expenses required to manage, control and supervise the implementation of that State aid. In order to expeditiously fulfill the responsibilities of the commissioner under the Abbott order, determinations by the commissioner hereunder shall be considered to be final agency action and appeal of that action shall be directly to the Appellate Division of the Superior Court.

Notwithstanding any other law to the contrary, State aid for each "Abbott district" whose per pupil regular education expenditure for 2001-2002 under P. L. 1996, c.138 is below the estimated per pupil average regular education expenditure of districts in district factor groups "I" and "J" for 2001-2002 shall be increased. The amount of increase shall be appropriated as Abbott v. Burke Parity Remedy aid and shall be determined as follows: funds shall be allocated in the amount of the difference between each "Abbott district's" per pupil regular education expenditure for 2001-2002 and the actual per pupil average regular education expenditure of districts in district factor groups "I" and "J" for 2000-2001 indexed by the actual percentage increase in the per pupil average regular education expenditure of districts in district factor groups "I" and "J" for 2000-2001 over the per pupil average regular education expenditure of districts in district factor groups "I" and "J" for 1999-2000. In calculating the per pupil regular education expenditure of each "Abbott district" for 2001-2002, regular education expenditure shall equal the sum of the general fund tax levy for 2000-2001, Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid and all forms of stabilization aid pursuant to section 10 of P.L.1996, c.138 (C.18A:7F-10); enrollments shall initially be those resident enrollments for preschool through grade 12 contained on the Application for State School Aid for 2001-2002 indexed by the annual growth rates used to determine the estimated enrollments of October 2001 for calculation of Core Curriculum Standards Aid and T&E budgets for 2001-2002; enrollments shall be calculated at their full-time equivalent and reduced by preschool and one half of full-day kindergarten enrollments. State aid shall be adjusted upon receipt of resident enrollment for the "Abbott districts" as of October 15, 2001 as reflected on the Application for State School Aid for 2002-2003. State aid shall also be adjusted based on the actual per pupil average regular education expenditure of districts in district factor groups "I" and "J" for 2001-2002. In calculating the actual per pupil average regular education expenditure of districts in district factor groups "I" and "J" for 2001-2002, regular education expenditure shall equal the sum of the general fund tax levy for 2001-2002, Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid and all forms of stabilization aid pursuant to section 10 of P.L.1996, c.138 (C.18A:7F-10); enrollments shall be the resident enrollment for preschool through grade twelve as of October 15, 2001 as reflected on the Application for State School Aid for 2002-2003; enrollments shall be calculated at their full-time equivalent and reduced by preschool and one half of full-day kindergarten enrollments in districts receiving Early Childhood Program Aid.

The expenditures associated with the amounts appropriated herein for Abbott v. Burke Parity Remedy aid and Additional Abbott v. Burke State Aid shall not be included in the calculation of

the actual cost per pupil for tuition purposes, pursuant to a sending/receiving agreement.

Notwithstanding any other law to the contrary, as a condition of receiving Abbott v. Burke Parity Remedy aid, an "Abbott district" shall raise a general fund tax levy which shall be no less than the difference between (a) the product of the actual per pupil average regular education expenditure of districts in district factor groups "I" and "J" for 2000-2001 indexed by the actual percentage increase in the per pupil average regular education expenditure of districts in district factor groups "I" and "J" for 2000-2001 over the per pupil average regular education expenditure of districts in district factor groups "I" and "J" for 1999-2000 multiplied by each "Abbott district's" estimated "resident enrollment" for October 15, 2001 less one half of kindergarten enrollments and (b) the sum of Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, all forms of stabilization aid pursuant to section 10 of P.L.1996, c.138 (C.18A:7F-10) and Abbott v. Burke Parity Remedy aid.

Notwithstanding any other provision of P.L.1996, c.138 (C.18A:7F-1 et seq.) the county special services school districts' tuition losses provided for in subsection b. of section 3 of P.L.1971, c.271 (C.18A:46-31) as amended by section 77 of P.L.1996, c.138 shall be calculated by using the enrollment counts taken on October 15 in order to compare the budget to the pre-budget year. Each district eligible for State aid pursuant to subsection d. of section 10 of P.L.1996, c.138 (C.18A:7F-10) shall be entitled to receive aid in the net amount calculated pursuant to the provisions of section 1 of P.L.1999, c.438 (C.18A:7F-32.1), or \$1,250,000 per school district, whichever is greater, except that if the amount calculated pursuant to the provisions of section 1 of P.L.1999, c.438 is greater than \$1,250,000 the district shall also receive an additional amount of \$500,000, or a district that has a projected T&E budget equal to its projected minimum T&E budget shall also receive an additional amount of \$1,250,000, for the purposes of subsection d. of section 10 of P.L.1996, c.138 (C.18A:7F-10).

Notwithstanding any other law to the contrary, the amount of State aid made available to the Department of Human Services pursuant to "The State Facilities Education Act of 1979," P.L.1979, c.207 (C.18A:7B-1 et al.), to defray the costs of educating eligible children in approved private schools under contract with the Department of Human Services shall not exceed the actual costs of the education of those children in such private schools.

Notwithstanding any other law to the contrary, Special Education Aid for pupils classified as eligible for day training shall be paid directly to the resident school district; provided however, that for pupils under contract for service in a regional day school operated by or under contract with the Department of Human Services, tuition shall be withheld and paid to the Department of Human Services.

The unexpended balance as of June 30, 2001, in the Abbott v. Burke Parity Remedy account is appropriated for the same purpose and with the same conditions as are applied to the fiscal year 2002 appropriation for this purpose.

Notwithstanding any other law to the contrary, "district income" for the purposes of section 14 of P.L.1996, c.138 (C.18A:7F-14) shall mean the aggregate of total income reported on NJ-1040 for 1998 and all public assistance including Temporary Assistance to Needy Families for 1998 of the residents of the taxing district or taxing districts.

Pursuant to subsection a. of section 5 of P.L.1996, c.138 (C.18A:7F-5), the net amount hereinabove appropriated for 2000-2001 enrollment adjustments in the Aid for Enrollment Adjustments and Debt Service account shall be determined by using the actual October 13, 2000 pupil counts to recalculate the State aid amounts payable to each district for the 2000-2001 school year, for each aid category impacted by enrollment under the provisions of the "Comprehensive Educational Improvement and Financing Act of 1996," other than Rewards and Recognition and Stabilization Aid II that shall not be recalculated, except for Stabilization Aid II determined in accordance with the paragraphs for districts with an October 15, 1999 resident enrollment greater than 9,500 and for districts with a T&E tax rate greater than 125% of the State average T&E tax rate that shall

also be recalculated, and comparing the recalculated amounts to the amounts originally determined as payable to the district for the 2000- 2001 school year for each aid category based upon the projected October 13, 2000 pupil counts. For the purposes of this recalculation, the State's Core Curriculum Standards Aid contribution for the 2000-2001 school year shall be determined by indexing the amount for the 1999-2000 school year by the sum of 1.0, the CPI and the actual State average enrollment growth percentage between the 2000-2001 and 1999-2000 school years and the Core Curriculum Standards Aid amount payable to each district shall be calculated using the October 13, 2000 pupil counts, the formulas and criteria contained in sections 12 through 15 of P.L.1996, c.138 (C.18A:7F-12 through 18A:7F-15) and based upon this indexed amount of Statewide available Core Curriculum Standards Aid. The percentage concentration of low income pupils for each district or each individual school used for the purposes of recalculating Early Childhood Program Aid, Demonstrably Effective Program Aid and Instructional Supplement aid shall remain the same as the percentage concentration originally determined for the 2000-2001 school year. The percentage concentration of low income pupils for individual schools in operation on October 13, 2000 that would otherwise qualify for Demonstrably Effective Program Aid that were not in operation on October 15, 1999 shall be redetermined based upon the actual October 13, 2000 pupil counts for the school.

Notwithstanding the provisions of section 19 of P.L.1996, c.138 (C.18A:7F-19), the amounts hereinabove in the Special Education Aid account payable to each school district, other than a county vocational school district, for Tier II special education categorical aid shall be calculated by reducing each district's pupil count for the perceptually impaired pupils in Tier II by two-thirds of the amount of the pupil count reduction required by this section for the 2001-2002 school year.

Notwithstanding the provisions of section 10 of P. L.1996, c.138 (C.18A:7F-10) to the contrary, the amounts hereinabove for the Stabilization Growth Limitation shall be calculated for all school districts, other than "Abbott districts" that received Abbott v. Burke Parity Remedy aid in the 2000-2001 school year, having a total aid increase in excess of their stabilization aid growth limit.

Notwithstanding the provisions of section 10 of P.L.1996, c.138 (C.18A:7F-10), the amounts hereinabove for Stabilization Aid shall be calculated for all school districts based upon a 2000-2001 prebudget year total that includes Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, Stabilization Aid received pursuant to subsection b. of section 10 of P.L.1996, c.138 (C.18A:7F-10), Stabilization Aid II, Distance Learning Network Aid, categorical aids for special education programs, bilingual education programs, county vocational programs, Early Childhood Program Aid, Demonstrably Effective Program Aid, Instructional Supplement aid, Transportation Aid, aid for adult and post-secondary programs, and academic achievement rewards calculated pursuant to sections 15 through 22, 25, 28, and 29 of P.L.1996, c.138 (C.18A:7F-15 through 18A:7F-22), (C.18A:7F-25), (C.18A:7F-28), and (C.18A:7F-29) and school choice aid calculated pursuant to section 7 of P.L.1999, c.413 (C.18A:36B-8). The 2000-2001 prebudget total for each school district for Stabilization Aid calculation purposes shall also be adjusted to reflect the amounts payable in the 2000-2001 school year in each aid category based upon the actual pupil counts for the prior school year.

Notwithstanding the provisions of section 10 of P.L.1996, c.138 (C.18A:7F-10), the amounts hereinabove for the Stabilization Growth Limitation shall be calculated for all school districts based upon a 2000-2001 prebudget year total that includes Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, Stabilization Aid received pursuant to subsection b. of section 10 of P.L.1996, c.138 (C.18A:7F-10), Stabilization Aid II, Distance Learning Network Aid, categorical aids for special education programs, bilingual education programs, county vocational programs, Early Childhood Program Aid, Demonstrably Effective Program Aid, Instructional Supplement aid, Transportation Aid, aid for adult and post-secondary programs, and academic achievement rewards calculated pursuant to sections 15 through 22, 25, 28, and 29 of P.L.1996, c.138 (C.18A:7F-15 through C.18A:7F-22), (C.18A:7F-25), (C.18A:7F-28), and

(C.18A:7F-29) and school choice aid calculated pursuant to section 7 of P.L.1999, c.413 (C.18A:36B-8).

Notwithstanding the provisions of subsection b. of section 10 of P.L.1996, c.138 (C.18A:7F-10), the amounts hereinabove for Stabilization Aid for all school districts shall be the greater of (a) the lesser of \$100,000 or an amount calculated for the district based upon the difference between 100% of the district's prebudget total and the sum of the district's aid payments for the 2001-2002 school year other than the aid provided pursuant to subsection d. of section 10 of P.L.1996, c.138 (C.18A:7F-10) and for School Building Aid or (b) the greater of an amount calculated for the district based upon either the difference between 98% of the district's prebudget total and the sum of the district's aid payments for the 2001-2002 school year other than the aid provided pursuant to subsection d. of section 10 of P.L.1996, c.138 (C.18A:7F-10) and for School Building Aid or the difference between 92% of the district's prebudget total for the 1997-98 school year and the sum of the district's aid payments for the 2001-2002 school year other than the aid provided pursuant to subsection d. of section 10 of P.L.1996, c.138 (C.18A:7F-10) and for School Building Aid.

Notwithstanding the provisions of section 17 of P.L.1996, c.138 (C.18A:7F-17), the amounts hereinabove in the Supplemental Core Curriculum Standards Aid account for each school district shall be calculated by summing the amount initially calculated for the district in accordance with the requirements of this section and an amount calculated as follows if the calculated result is greater than zero: 1.) Determine the district's T&E tax rate by dividing the remainder determined by subtracting the amount of aid initially calculated in accordance with section 17 of P.L.1996, c.138 (C.18A:7F-17) from its local share calculated pursuant to section 14 of P.L.1996, c.138 (C.18A:7F-14) by its equalized valuation. For this purpose a district's local share shall be limited to the amount of its T&E budget. 2.) For districts in district factor groups "A", "B", "CD", "DE", "FG", "GH" and in both district factor groups "I" and "J" having an equalized valuation per pupil and an income per pupil below the State average determine the difference between a tax rate of \$1.72 per \$100 of equalized valuation per pupil and the district's T&E tax rate per \$100 of equalized valuation. 3.) Multiply the difference obtained in step two by the district's equalized valuation. Aid pursuant to the provisions of subsection b. of section 5 of P.L.1996, c.138 (C.18A:7F-5) and subsections c., e., f., and h. of section 10 of P.L.1996, c.138 (C.18A:7F-10) is eliminated.

Notwithstanding the provisions of section 3 of P.L.1971, c.271 (C.18A:46-31), a portion of the district tuition amounts payable to a county special services school district operating an extended school year program may be transferred to the county special services school district prior to the first of September in the event the board shall file a written request with the Commissioner of Education stating the needs for the funds. The commissioner shall review the board's request and determine whether to grant the request after an assessment of whether the district needs to spend the funds prior to September and after considering the availability of district surplus. The Commissioner of Education shall transfer the payment for the portion of the tuition payable for which need has been demonstrated.

Notwithstanding any other law to the contrary, districts that were projected as qualified for Stabilization Aid II for the 2000-2001 school year pursuant to the provision for districts with an increase in their Core Curriculum Standards Aid payment for the 2000-2001 school year that also had a decrease in their total aid payments for the 2000-2001 school year shall also receive Stabilization Aid II for the 2001-2002 school year in an amount equal to the decrease in their total aid payments for the 2001-2002 school year other than the payment for School Building Aid.

Notwithstanding any other law to the contrary, districts that were projected as qualified for Stabilization Aid II for the 2000-2001 school year pursuant to the provision for districts with a T&E and general fund tax rate greater than or equal to \$2.00 per \$100 of equalized valuation shall also receive Stabilization Aid II in the amount necessary to provide the district a total aid payment

for the 2001-2002 school year, other than the payment for School Building Aid, that is equal to the sum of its total aid payment for the 2000-2001 school year, other than the payment for School Building Aid, and either 1% of the district's 2000-2001 net budget or \$100,000, whichever amount is greater, except that no district shall receive an aid amount that is less than zero.

Notwithstanding the provisions of section 29 of P.L.1996, c.138 (C.18A:7F-29), the amount appropriated hereinabove for Rewards and Recognition shall be made available to qualifying schools based upon a per pupil amount for the projected number of pupils enrolled in qualifying schools for the budget year in the grade levels eligible to take the most recent grade eight proficiency assessment and the high school proficiency test and schools that administered the grade eight proficiency assessment shall qualify for an absolute success reward with 80% of the pupils performing above the passing scores. In addition, no more than \$1,000,000 of the amount appropriated hereinabove for Rewards and Recognition shall be made available to qualifying school districts as Academic Achievement Rewards Aid II determined in the following manner: (a) all school districts with a general education passing rate on the most recent grade eight proficiency assessment shall be ranked based upon a three year average of the general education passing rate on the grade eight proficiency assessment; (b) these districts shall also be ranked in descending order based on the "Budget 1999-00 Per Pupil Cost" from the "Total Cost Per Pupil" table in the March, 2000, "Comparative Spending Guide"; (c) the two rankings shall be summed; (d) within each district factor group, districts with combination ranks within the top 10% of the district factor group shall be provided \$6.25 per projected resident pupil, except that districts with a 1999-2000 net budget greater than their 1999-2000 net T&E budget, as defined in section 3 of P.L.1996, c.138 (C.18A:7F-3), shall be excluded, however the exclusion shall not apply to a district sending more than 10 pupils as of October 15, 1999, with an average tuition amount per pupil greater than the district's average weighted T&E amount per sent pupil in the 1999-2000 school year. These calculations shall be repeated substituting the high school proficiency test for the grade eight proficiency assessment, and the aid from both calculations shall be combined. Aid provided to a district pursuant to this paragraph shall be included in the budget year for the purposes of calculating a district's stabilization reduction and Stabilization Aid.

The amount hereinabove for the New Jersey Character Education Partnership Initiative shall be made available to school districts according to a formula to be administered by the Commissioner of Education which will assure that each district that elects to participate shall receive funding for at least one school. Of the amount appropriated hereinabove, up to \$100,000 may be used to fund the costs of operating this program, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of section 19 of P.L.1996, c.138 (C.18A:7F-19) and the recommendation in the March, 2000, Report on the "Cost of Providing a Thorough and Efficient Education," the Tier III cost factor for the purpose of calculating special education aid pursuant to section 19 of P.L.1996, c.138 (C.18A:7F-19) shall be \$5,975 for fiscal year 2002.

Notwithstanding any other law to the contrary, each district having a reduction in State aid from prebudget totals after the application of the language provisions of this annual appropriation act for determining Stabilization Aid and Stabilization Aid II, shall also receive Stabilization Aid III for the 2001-2002 school year in an amount equal to the remaining difference between 100% of the district's prebudget total and the sum of the district's aid payments for the 2001-2002 school year, other than the aid provided for School Building Aid after the Stabilization Aid and Stabilization Aid II calculations.

Notwithstanding the provisions of section 16 of P.L.1996, c.138 (C.18A:7F-16), a level II district and a non-Abbott district that is required to comply with this section with respect to the establishment of a preschool and full-day kindergarten for all four and five year olds in the 2001-2002 school year, that has a district aid percentage equal to or greater than 55% pursuant to P.L.2000, c.72 (C.18A:7G-1 et seq.), and is entitled to receive Early Childhood Aid, may use its

unexpended Early Childhood Aid balances as of June 30, 2001 to enter into an agreement with the New Jersey Economic Development Authority by June 30, 2002 to fund the local share of an early childhood school facilities project constructed by the authority and approved by the Commissioner of Education.

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients-Nursing Homes are available for the payment of obligations applicable to prior fiscal years.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification in the Division of Medical Assistance and Health Services in the Department of Human Services and the Medical Services for the Aged program classification in the Division of Senior Services in the Department of Health and Senior Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the fiscal year ending June 30, 2002 are appropriated for payments to providers in the same program class from which the recovery originated.

Notwithstanding any other law to the contrary, a sufficient portion of receipts generated or savings realized in Medical Services for the Aged Grants-In-Aid accounts from initiatives included in the fiscal year 2002 Budget may be transferred to administration accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

The Division of Medical Assistance and Health Services and the Department of Health and Senior Services, subject to federal approval, shall implement policies that would limit the ability of

persons who have the financial ability to provide for their own long-term care needs to manipulate current Medicaid rules to avoid payment for that care. The division and Department of Health and Senior Services shall require, in the case of a married individual requiring long-term care services, that the portion of the couple's resources which are not protected for the needs of the community spouse be used solely for the purchase of long-term care services.

Funding for community care alternative initiatives is made available from the Payments for Medical Assistance Recipients-Nursing Homes account, subject to both federal waiver approval and approval of the Director of the Division of Budget and Accounting.

Such sums as may be necessary are appropriated from enhanced audit recoveries obtained by the Department of Health and Senior Services to fund the costs of enhanced audit recovery efforts of the department within the Medical Services for the Aged program classification subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law to the contrary, no funds appropriated for Medicaid nursing facility reimbursement shall be expended for administrator or assistant administrator costs or nonfood general costs in excess of 100% of the median for those cost centers, subject to the notice provisions of 42 CFR 447.205.

Notwithstanding any other law to the contrary, effective July 1, 1996, reimbursement for nursing facility services shall be 90% of the per diem rate when a Medicaid beneficiary is hospitalized. As in the past, these payments shall be limited to be the first 10 days of the hospitalization. Medicaid reimbursement for nursing facility services shall be discontinued beyond the 10th day of the hospitalization.

From the amount appropriated for the Payments for Medical Assistance Recipients-Nursing Homes account, funds shall be available to develop and implement a new nursing home rate setting system, subject to the approval of the Director of the Division of Budget and Accounting.

The funds appropriated hereinabove for Payments for Medical Assistance Recipients-Medicaid High Occupancy- Nursing Homes shall be distributed for patient services among those nursing homes where Medicaid patient day occupancy level is at or above 75%. Each such facility shall receive its distribution through a prospective per diem rate adjustment according to the following formula: $E = A \text{ Medicaid days} / T \text{ Medicaid days} \times F$; where E is the entitlement for a specific nursing home resulting from this allocation; A Medicaid days is an individual nursing home's reported Medicaid days on June 30, 2001; T Medicaid days is the total reported Medicaid days for all affected nursing homes; and F is the total amount of State and federal funds to be distributed. No nursing home shall receive a total allocation greater than the amount lost, due to adjustments in Medicaid reimbursement methodology, which became effective April 1, 1995. Any balances remaining undistributed from the abovementioned amount, shall be deposited in a reserve account in the General Fund.

The per diem amounts for all other expenses of the enhanced rates shall be based upon reasonable base period costs divided by actual base period patient days, but no less than 85 percent of licensed bed days shall be used.

Such regulation may change or adjust the financial and non-financial eligibility requirements for some or all of the applicants or beneficiaries in the program, the benefits provided, cost-sharing amounts, or may suspend in whole or in part the processing of applications for any or all categories of individuals covered by the program.

Notwithstanding any other law to the contrary, those hospitals that are eligible to receive a Hospital Relief Subsidy Fund (HRSF) payment shall receive enhanced payments from the Medicaid program for providing services to Medicaid and New Jersey FamilyCare beneficiaries. The total payments shall not exceed the amount appropriated and shall be allocated among hospitals proportionately based on the amount of HRSF payments (excluding any adjustments to the HRSF for other Medicaid payment increases). The Division of Developmental Disabilities is authorized to transfer funds from the Dental Program for Non-Institutionalized Children account to the Division of Medical Assistance and Health Services, in proportion to the number of program participants who are Medicaid eligible.

Excess State funds realized by federal involvement through Medicaid in the Dental Program for Non-Institutionalized Children are committed for the program's support during the subsequent fiscal year, rather than for expansion.

Amounts required to return persons with mental retardation or developmental disabilities presently residing in out-of-State institutions to group homes within the State may be transferred from the Private Institutional Care account to the Group Homes account, subject to the approval of the Director of the Division of Budget and Accounting.

Amounts that become available as a result of the return of persons from private institutional care placements, including in-State and out-of-State placements, shall be available for transfer to community and community support programs, subject to the approval of the Director of the Division of Budget and Accounting.

Skill development homes cost recoveries during the fiscal year ending June 30, 2002, not to exceed \$12,500,000, are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

The total amount appropriated in the Community Services Waiting List Reduction Initiatives - FY 1999, FY 2000, FY 2001, FY 2002 and the Community Transition Initiative - FY 2001, FY 2002 and the Community Nursing Care Initiative - FY 2002 accounts are available for transfer to community support programs, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of Title 30 of the Revised Statutes or any other law or regulation to the contrary, the Director of the Division of Developmental Disabilities is authorized to waive statutory, regulatory or licensing requirements for the implementation of a self determination pilot program included in the Community Services Waiting List Reduction Initiatives - FY 1997, FY 1998, FY 1999, FY 2000, FY 2001 and FY 2002, subject to the approval of a plan by the Director of the Division of Developmental Disabilities, which will allow an individual to be removed from the waiting list. This waiver also applies to those persons identified as part of the Community Transition Initiative - FY 2001 and FY 2002, and the Community Nursing Care Initiative FY 2002, who choose self determination.

Cost recoveries from developmentally disabled patients and residents collected during the fiscal year ending June 30, 2002, not to exceed \$5,500,000, are appropriated for the continued operation of the Group Homes program, and an additional amount, not to exceed \$20,000,000, is appropriated for Community Services Waiting List Reduction Initiatives, subject to the approval of the Director of the Division of Budget and Accounting.

The unexpended balance as of June 30, 2001, in the Home Assistance account is appropriated for the

same purpose.

Notwithstanding any law to the contrary, the State Treasurer, in consultation with the Commissioner of Human Services, may transfer, pursuant to the terms and conditions the State Treasurer deems to be in the best interest of the State, the operation, care, custody, maintenance and control of State-owned buses utilized for transportation of clients of the Adult Activity Centers funded from appropriations in the Adult Activities program classification within the Division of Developmental Disabilities to any party under contract with the Department of Human Services to operate an Adult Activity Center. That transfer shall be for a time to run concurrent with the contract for the operation of the Adult Activity Center. That transfer as a non-cash award, and in conjunction with a cash appropriation, shall complete the terms of any contract with the Department of Human Services for the operation of the Adult Activity Center. Upon termination of any contract for the operation of an Adult Activity Center, the operation, care, custody, maintenance and control of the State-owned buses shall revert to the State. The State Treasurer shall execute any agreements necessary to effectuate the purpose of this provision.

Such sums as may be necessary are appropriated from the General Fund for the payment of any provider assessments to State Intermediate Care Facilities/Mental Retardation facilities, subject to the approval of the Director of the Division of Budget and Accounting of a plan to be submitted by the Commissioner of Human Services. Notwithstanding any other law to the contrary, only the federal share of funds anticipated from these assessments shall be available to the Department of Human Services for the purposes set forth in P.L.1998, c.40 (C.30:6D-43 et seq.).

From the amounts appropriated hereinabove for the Community Services Waiting List - FY2002 and the Community Transition Initiative - FY2002 accounts, such funds as are necessary may be transferred to various administrative accounts as required, subject to the approval of the Director of Budget and Accounting.

Such sums as are necessary from the unexpended balances in the Division of Developmental Disabilities' Community Services Waiting List - FY2000, FY2001, FY2002, the Community Transition Initiative - FY2001, FY2002, and the Community Nursing Care Initiative - FY2002, in the Department of Human Services are appropriated for the purpose of providing a salary increase for Direct Care Workers' Salaries of providers contracting with the Department of Human Services, subject to the approval of the Director of Division of Budget and Accounting.

Total Appropriation, Federal Funds \$8,333,566,000

Notwithstanding any State law to the contrary, no State agency shall accept or expend federal funds except as appropriated by the Legislature or otherwise provided in this act.

In addition to the federal funds appropriated in this act, there are appropriated the following federal funds, subject to allotment by the Director of the Division of Budget and Accounting: emergency disaster aid funds; pass-through grants to political subdivisions of the State over which the State

is not permitted to exercise discretion in the use or distribution of the funds and for which no State matching funds are required; the first 25 percent of unanticipated grant awards, and up to 25 percent of increases in previously anticipated grant awards for which no State matching funds are required except, for the purpose of this section, federal funds received by one executive agency that are ultimately expended by another executive agency shall not be considered pass-through grants; federal financial aid funds for students attending post-secondary educational institutions in excess of the amount specifically appropriated, provided however, that the Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of such grants; and all other grants of \$500,000 or less which have been awarded competitively. For the purposes of federal funds appropriations, "political subdivisions of the State" means counties, municipalities, school districts, or agencies thereof, regional, county or municipal authorities, or districts other than interstate authorities or districts; "discretion" refers to any action in which an agency may determine either the amount of funds to be allocated or the recipient of the allocation; and "grants" refers to one-time, or time limited awards, which are received pursuant to submission of a grant application in competition with other grant applications.

The unexpended balances of federal funds as of June 30, 2001 are continued for the same purposes.

The Director of the Division of Budget and Accounting shall inform the Legislative Budget and Finance Officer by November 1, 2001 of any unexpended balances which are continued.

The appropriate executive agencies shall prepare and submit to the Senate Budget and Appropriations Committee and the Assembly Appropriations Committee, or their successors, by March 1, 2002, reports on proposed expenditures during fiscal year 2002 for the following federal programs: the alcohol, drug abuse and mental health block grant; the education block grant; the community services block grant; the jobs training partnership block grant; the low income energy assistance block grant; the maternal and child health block grant; the preventive health and health services block grant; the small cities block grant; the social services block grant; and the child care block grant. These reports shall account for all federal, State and local funds which are anticipated to be expended on block grant programs, shall provide an accounting of block grant expenditures during the prior fiscal year, and shall provide a detailed list of contracts awarded to provide services under the block grants.

Out of the appropriations herein, the Director of the Division of Budget and Accounting is empowered to approve payments to liquidate any unrecorded liabilities for materials delivered or services rendered in prior fiscal years, upon the written recommendations of any department head or the department head's designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the director deems improper.

The sum herein appropriated to the Department of Transportation for the Hudson-Bergen Light Rail Transit System is hereby appropriated, to the extent necessary, to pay the principal of and interest on the grant anticipation notes issued by the New Jersey Transit Corporation.

To the extent that federal funds are received in fiscal year 2002 pursuant to the full funding grant agreement for the Hudson-Bergen Light Rail Transit System subsequent to the payment by the New Jersey Transportation Trust Fund Authority of its obligations under a Standby Deficiency Agreement, such federal funds are hereby appropriated to the New Jersey Transportation Trust Fund Authority to be allotted to projects as shall be determined by the Commissioner of Transportation.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification, and within the federal matching funding, in the Division of Medical Assistance and Health Services in the Department of Human Services, and within the Medical Services for the Aged program

classification, and within the federal matching funding, in the Division of Senior Services in the Department of Health and Senior Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

2. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting and with the approval of the Legislative Budget and Finance Officer, private contributions, revolving funds and dedicated funds received, receivable or estimated to be received for the use of the State or its agencies in excess of those anticipated, unless otherwise provided herein, and the unexpended balances as of June 30, 2001 of such funds, subject to the approval of the Director of the Division of Budget and Accounting.

3. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting, the following: sums required to refund amounts credited to the State Treasury which do not represent State revenue; sums received representing insurance to cover losses by fire and other casualties and the unexpended balance as of June 30, 2001 of such sums; sums received by any State department or agency from the sale of equipment, when such sums are received in lieu of trade-in value in the replacement of such equipment; and sums received in the State Treasury representing refunds of payments made from appropriations provided in this act.

4. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting, sums required to satisfy receivables previously established from which non-reimbursable costs and ineligible expenditures have been incurred.

5. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting, from federal or other non-State sources amounts not to exceed the cost of services necessary to document and support retroactive claims.

6. There are appropriated such sums as may be required to pay interest liabilities to the federal government as required by the Treasury/State agreement pursuant to the provisions of the Cash Management Improvement Act of 1990, Pub.L.101-453 (31 U.S.C. s.6501 et seq.), subject to the approval of the Director of the Division of Budget and Accounting.

7. There are appropriated, subject to the approval of the Director of the Division of Budget and Accounting, from interest earnings of the various bond funds, such sums as may be necessary for the State to comply with the federal "Tax Reform Act of 1986," Pub.L.99-514 (26 U.S.C. s.1 et seq.), which requires issuers of tax-exempt debt obligations to rebate any arbitrage earnings to the federal government.

8. 11. There is appropriated \$11,600,000 from the Legal Services Trust Fund established pursuant to section 6 of P.L.1996, c.52 (C.22A:2-51), for transfer to the General Fund as State revenue to fund the following programs: \$8,000,000 for Legal Services of New Jersey grant, \$3,000,000 for ten additional judgeships in the Judiciary, and \$600,000 for Clinical Legal Programs for the Poor at the Rutgers-Camden Law School, the Rutgers-Newark Law School and Seton Hall Law School.

17. The unexpended balances as of June 30, 2001 in all accounts established to provide relief to victims of Hurricane Floyd, including accounts established for administration of the relief program, are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

18. Notwithstanding any other provisions in this act, no unexpended balances as of June 30, 2001 are appropriated without the approval of the Director of the Division of Budget and Accounting, except that the Legislative Branch of State government shall be exempt from this provision. The Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of those instances in which unexpended balances are not appropriated pursuant to this section.

19. The administrative costs of the Special Education Medicaid Initiative and the Early Periodic Screening, Diagnosis and Treatment (EPSDT) program, including the participation of a consultant, are appropriated and shall be paid from the revenue received, subject to the approval of the Director of the Division of Budget and Accounting.

20. The following transfer of appropriations rules are in effect for fiscal year 2002:

a. To permit flexibility in the handling of appropriations, any department or agency that receives an appropriation by law, may, subject to the provisions of this section, or unless otherwise provided in this act, apply to the Director of the Division of Budget and Accounting for permission to transfer funds from one item of appropriation to a different item of appropriation. For the purposes of this section, "item of appropriation" means the spending authority identified by an organization code, appropriation source, and program code, unique to the item. If the director consents to the transfer, the amount transferred shall be credited by the director to the designated item of appropriation and notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer. However, the director, after consenting thereto, shall submit the following transfer requests to the Legislative Budget and Finance Officer for legislative approval or disapproval unless otherwise provided in this act:

(1) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$300,000, to or from any item of appropriation;

(2) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$50,000, to or from any Special Purpose account, as defined by major object 5, or Grant account, as defined by major object 6, within an item of appropriation, from or to a different item of appropriation;

(3) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$50,000, to or from any Special Purpose or Grant account in which the identifying organization code, appropriation source, and program code, remain the same, provided that the transfer would effect a change in the legislative intent of the appropriations;

(4) Requests for the transfer of State funds, in amounts greater than \$50,000, between items of appropriation in different departments or between items of appropriation in different appropriation classifications herein entitled as Direct State Services, Grants-In-Aid, State Aid, Capital Construction and Debt Service;

(5) Requests for the transfer of federal funds, in amounts greater than \$300,000, from one item of appropriation to another item of appropriation, if the amount of the transfer to an item in combination with the amount of the appropriation to that item would result in an amount in excess of the appropriation authority for that item, as defined by the program class;

(6) Requests for such other transfers as are appropriate in order to ensure compliance with the legislative intent of this act.

b. The Joint Budget Oversight Committee or its successor may review all transfer requests submitted for legislative approval and may direct the Legislative Budget and Finance Officer to approve or disapprove any such transfer request. Transfers submitted for legislative approval pursuant to paragraph (4) of subsection a. of this section shall be made only if approved by the Legislative Budget and Finance Officer at the direction of the committee.

c. The Legislative Budget and Finance Officer shall approve or disapprove requests for the transfer of funds submitted for legislative approval within 10 working days of the physical receipt thereof and shall return them to the director. If any provision of this act or any supplement thereto requires the Legislative Budget and Finance Officer to approve or disapprove requests for the transfer of funds, the request shall be deemed to be approved by the Legislative Budget and Finance Officer if, within 20 working days of the physical receipt of the request, he has not disapproved the request and so notified the requesting officer. However, this time period shall not pertain to any transfer request under review by the Joint Budget Oversight Committee or its successor, provided notice of such review has been given to the director.

d. No amount appropriated for any capital improvement shall be used for any temporary purpose except extraordinary snow removal or extraordinary transportation maintenance subject to the approval of the Director of the Division of Budget and Accounting. However, an amount from any appropriation for an item of capital improvement may be transferred to any other item of capital improvement subject to the approval of the director, and, if in an amount greater than \$300,000, subject to the approval of the Legislative Budget and Finance Officer.

e. The provisions of subsections a. through d. of this section shall not apply to appropriations made to the Legislative branch of State government. To permit flexibility in the handling of these appropriations, amounts may be transferred to and from the various items of appropriation by the appropriate officer or designee with notification given to the director on the effective date thereof.

f. Notwithstanding any provisions of this section to the contrary, transfers to and from the Special Purpose appropriation to the Governor for emergency or necessity under the Other Inter-Departmental Accounts program classification and transfers from the appropriations to the various accounts in the category of Salary Increases and Other Benefits, both in the Inter-Departmental Accounts, shall not be subject to legislative approval or disapproval.

21. The Director of the Division of Budget and Accounting shall make such correction of the title, text or account number of an appropriation necessary to make such appropriation available in accordance with legislative intent. Such correction shall be by written ruling, reciting in appropriate detail the facts thereof, and reasons therefor, attested by the signature of the Director of the Division of Budget and Accounting and filed in the Division of Budget and Accounting of the Department of the Treasury as an official record thereof, and any action thereunder, including disbursement and the audit thereof, shall be legally binding and of full force and virtue. An official copy of each such written ruling shall be transmitted to the Legislative Budget and Finance Officer, upon the effective date of the ruling.

22. The Legislative Budget and Finance Officer with the cooperation and assistance of the Director of the Division of Budget and Accounting is authorized to adjust this appropriations bill to reflect any reorganizations which have been implemented since the presentation of the Governor's Budget Recommendation Document dated January 23, 2001.

23. None of the funds appropriated to the Executive Branch of State government for Information Processing, Development, Telecommunications, and Related Services and Equipment shall be available to pay for any of these services or equipment without the review of the Office of

Information Technology and compliance with Statewide policies and standards and an approved department Information Technology Strategic Plan; authorization and approval by the Office of Information Technology is required for expenditure of amounts in excess of \$25,000, as shall be specified by Circular Letter.

24. If the sum provided in this act for a State aid payment pursuant to formula is insufficient to meet the full requirements of the formula, all recipients of State aid shall have their allocation proportionately reduced, subject to the approval of the Director of the Division of Budget and Accounting.

25. When the duties or responsibilities of any department or branch, except for the Legislature and any of its agencies, are transferred to any other department or branch, it shall be the duty of the Director of the Division of Budget and Accounting and the director is hereby empowered to transfer funds appropriated for the maintenance and operation of any such department or branch to such department or branch as shall be charged with the responsibility of administering the functions so transferred. The Director of the Division of Budget and Accounting shall have the authority to create such new accounts as may be necessary to carry out the intent of the transfer. Information copies of such transfers shall be transmitted to the Legislative Budget and Finance Officer upon the effective date thereof. If such transfers may be required among appropriations made to the Legislature and its agencies, the Legislative Budget and Finance Officer, subject to the approval of the President of the Senate and the Speaker of the General Assembly, is hereby empowered and it shall be that officer's duty to effect such transactions hereinabove described and to notify the Director of the Division of Budget and Accounting upon the effective date thereof.

26. The Director of the Division of Budget and Accounting is empowered and it shall be the director's duty in the disbursement of funds for payment of expenses classified as salary increases and other benefits, employee benefits, debt service, rent, telephone, motor pool, insurance, travel, postage, lease payments on equipment purchases, additions, improvements and equipment, and compensation awards to credit or transfer to the Department of the Treasury, to an Inter-Departmental account, or to the General Fund, as applicable, from any other department, branch or non-State fund source out of funds appropriated thereto, such sums as may be required to cover the costs of such payment attributable to such other department, branch or non-State fund source as the director shall determine. Receipts in any non-State funds are appropriated for the purpose of such transfer.

27. The Governor is empowered to direct the State Treasurer to transfer from any State department to any other State department such sums as may be necessary for the cost of any emergency occasioned by aggression, civil disturbance, sabotage, disaster, or for flood loss expenses for State owned structures to comply with Federal Insurance Administration requirements.

28. Upon request of any department receiving non-State funds, the Director of the Division of Budget and Accounting is empowered to transfer such funds from that department to other departments as may be charged with the responsibility for the expenditure thereof.

29. The Director of the Division of Budget and Accounting is empowered to transfer or credit appropriations to any State agency for services provided, or to be provided, by that agency to any other agency or department; provided further, however, that funds have been appropriated or allocated to such agency or department for the purpose of purchasing these services.

30. Notwithstanding any law to the contrary, should appropriations in the Property Tax Relief

Fund exceed available revenues, the Director of the Division of Budget and Accounting is authorized to transfer General Fund unreserved, undesignated fund balances into the Property Tax Relief Fund, providing unreserved, undesignated fund balances are available from the General Fund, as determined by the Director of the Division of Budget and Accounting.

31. Notwithstanding any law to the contrary, should appropriations in the Casino Revenue Fund exceed available revenues, the Director of the Division of Budget and Accounting is authorized to transfer General Fund unreserved, undesignated fund balances into the Casino Revenue Fund, providing unreserved, undesignated fund balances are available from the General Fund, as determined by the Director of the Division of Budget and Accounting.

32. All funds representing recoveries under the Set Off of Individual Liabilities (SOIL) program are lapsed, subject to the approval of the Director of the Division of Budget and Accounting.

33. No funds shall be expended by any State Department in the Executive Branch in connection with a contract for the production of films, videotapes, video conferences, video-assisted training or multi-media projects that include video images unless the New Jersey Public Broadcasting Authority (PBA) has the opportunity to match any successful bid as part of any formal or informal contract award process. This is not a requirement to award a contract to PBA since the decision to award a contract may also be based on non-cost considerations.

34. Notwithstanding the provisions of P.L.1954, c.48 (C.52:34-6 et seq.), sums appropriated for services for the various State departments and agencies may be expended for the purchase of contract services from the New Jersey Marine Sciences Consortium as if it were a State government agency pursuant to subsection (a) of section 5 of P.L.1954, c.48 (C.52:34-10).

35. Out of the appropriations herein, the Director of the Division of Budget and Accounting is empowered to approve payments to liquidate any unrecorded liabilities for materials delivered or services rendered in prior fiscal years, upon the written recommendation of any department head, or the department head's designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the director deems improper.

36. Whenever any county, municipality, school district or a political subdivision thereof withholds funds from a State agency, or causes a State agency to make payment on behalf of a county, municipality, school district or a political subdivision thereof, then the Director of the Division of Budget and Accounting may withhold State aid payments and transfer the same as payment for such funds, as the Director of the Division of Budget and Accounting shall determine.

37. The Director of the Division of Budget and Accounting is empowered to establish revolving and dedicated funds as required. Notice of the establishment of such funds shall be transmitted to the Legislative Budget and Finance Officer, upon the effective date thereof.

38. The Director of the Division of Budget and Accounting may, upon application therefor, allot from appropriations made to any official, department, commission or board, a sum to establish a petty cash fund for the payment of expenses under rules and regulations established by the director. Allotments thus made by the Director of the Division of Budget and Accounting shall be paid to such person as shall be designated as the custodian thereof by the official, department, commission or board making a request therefor, and the money thus allotted shall be disbursed by such custodian who shall require a receipt therefor from all persons obtaining money from the fund. The director shall make regulations governing disbursement from petty cash funds.

39. From appropriations to the various departments of State government, the Director of the Division of Budget and Accounting is empowered to transfer sums sufficient to pay any obligation due and owing in any other department or agency.

40. Notwithstanding the provision of any other law, the State Treasurer may transfer from any fund in the State Treasurer's custody, deposited with the State Treasurer pursuant to law, sufficient sums to enable payments from any appropriation made herein for any obligations due and owing. Any such transfer shall be restored out of the taxes or other revenue received in the Treasury in support of this act. Except for transfers from the several funds established pursuant to statutes that provide for interest earnings to accrue to those funds, all such transfers shall be without interest. If the statute provides for interest earnings, it shall be calculated at the average rate of earnings during the fiscal year from the State's general investments.

41. Any qualifying State aid appropriation, or part thereof, made from the General Fund may be transferred and recorded as an appropriation from the Property Tax Relief Fund, as deemed necessary by the State Treasurer, in order that the Director of the Division of Budget and Accounting may warrant the necessary payments; provided however, that the available unreserved, undesignated fund balance in the Property Tax Relief Fund, as determined by the State Treasurer, is sufficient to support the expenditure.

42. The Director of the Division of Budget and Accounting may settle any claim not exceeding \$2,000 due and owing to the State.

43. Notwithstanding any other provisions of this act, the State Treasurer, upon warrant of the Director of the Division of Budget and Accounting, shall pay any claim not exceeding \$4,000 out of any appropriations made to the several departments, provided such claim is recommended for payment by the head of such department. The Legislative Budget and Finance Officer shall be notified of the amount and description of any such claim at the time such payment is made. Any claimant who has presented a claim not exceeding \$4,000, which has been denied or not recommended by the head of such department, shall be precluded from presenting said claim to the Legislature for consideration.

44. Unless otherwise provided, federal grant and project receipts representing reimbursement for agency and central support services, indirect and administrative costs, as determined by the Director of the Division of Budget and Accounting, shall be transmitted to the Department of the Treasury for credit to the General Fund; provided however, that a portion of the indirect and administrative cost recoveries received which are in excess of the amount anticipated may be reclassified into a dedicated account and returned to State departments and agencies, as determined by the Director of the Division of Budget and Accounting, who shall notify the Legislative Budget and Finance Officer of the amount of such funds returned, the departments or agencies receiving such funds and the purpose for which such funds will be used, within 10 working days of any such transaction. Such receipts shall be forwarded to the Director of the Division of Budget and Accounting upon completion of the project or at the end of the fiscal year, whichever occurs earlier.

45. Notwithstanding any other law to the contrary, each local school district that participates in the Special Education Medicaid Initiative (SEMI) shall receive a percentage of the federal revenue realized for current year claims. The percentage share shall be 15% of the first \$36,000,000 of federal reimbursements realized for claims submitted to the State by June 30. After federal reimbursements are realized in excess of \$36,000,000, local school districts shall receive 50% of their pro rata share of federal revenues realized in excess of \$36,000,000.

46. Notwithstanding any other law to the contrary, each local school district that participates in the Early Periodic Screening, Diagnosis and Treatment (EPSDT) initiative shall receive a percentage of the federal revenue realized for current year claims. The percentage share shall be 15% of the first \$29,000,000 of federal reimbursements for claims submitted to the State by June 30. After federal reimbursements are realized in excess of \$29,000,000, local school districts shall receive 50% of their pro rata share of federal revenues realized in excess of \$29,000,000.

47. Notwithstanding the provisions of P.L.1943, c.188 (C.52:14-17.1 et seq.), the rate of reimbursement for mileage allowed for employees traveling by personal automobile on official business shall be \$.31 per mile.

48.
