

## CHAPTER 192

AN ACT concerning the Delaware River and Bay Authority and amending and supplementing P.L.1961, c.66.

**BE IT ENACTED** *by the Senate and General Assembly of the State of New Jersey:*

1. Section 1 of P.L.1961, c.66 (C.32:11E-1) is amended to read as follows:

C.32:11E-1 Delaware-New Jersey Compact.

1. The State of New Jersey hereby agrees with the State of Delaware, upon enactment by the State of Delaware of legislation having the same effect as this section, to the following compact:

### DELAWARE-NEW JERSEY COMPACT

Whereas, The states of Delaware and New Jersey are separated by the Delaware River and Bay which create a natural obstacle to the uninterrupted passage of traffic other than by water and with normal commercial activity between the two states thereby hindering the economic growth and development of those areas in both states which border the river and bay; and

Whereas, The pressures of existing trends from increasing traffic, growing population and greater industrialization indicate the need for closer cooperation between the two states in order to advance the economic development and to improve crossings, transportation, terminal and other facilities of the area; and

Whereas, The financing, construction, operation and maintenance of such crossings, transportation, terminal and other facilities of commerce and the overall planning for future economic development of the area may be best accomplished for the benefit of the two states and their citizens, the region and nation, by the cordial cooperation of Delaware and New Jersey by and through a joint or common agency or authority; and

Whereas, The Delaware-New Jersey Compact, enacted pursuant to 53 Laws of Delaware, Chapter 145 (17 Del. C. s.1701) and P.L.1961, c.66 (C.32:11E-1 et seq.) of the Pamphlet Laws of New Jersey, with the consent of the United States Congress in accordance with Pub.L.87-678 (1962), created the Delaware River and Bay Authority with the intention of advancing the economic growth and development of those areas in both states which border the Delaware River and Bay by the financing, development, construction, operation and maintenance of crossings, transportation or terminal facilities, and other facilities of commerce, and by providing for overall planning for the future economic development of those areas; and

Whereas, The economic growth and development of areas of both states will be further advanced by authorizing the authority to undertake economic development projects, other than major projects as defined in Article II, at its own initiative, and to undertake major projects after securing only such approvals as may be required by legislation of the state in which the project is to be located, except that the authority is prohibited from undertaking any major project, to be located in the Delaware River or Bay, including, without limitation, any deep-water port or superport, without the prior approval, by concurrent legislation, of the two states; and

Whereas, The natural environment of those areas in the two states which border the Delaware River and Bay would be better preserved by requiring that the projects, other than crossings, of the authority shall be in complete compliance with all applicable environmental protection laws and regulations before the authority may undertake the planning, development, construction or operation of any project, other than a crossing;

NOW, THEREFORE, The State of Delaware and the State of New Jersey do hereby solemnly covenant and agree, each with the other as follows:

#### ARTICLE VIII ADDITIONAL POWERS

For the purpose of effectuating the authorized purposes of the authority, additional powers may be granted to the authority by legislation of either state without the concurrence of the other, and may be exercised within such state, or may be granted to the authority by Congress and exercised by it; but no additional duties or obligations shall be undertaken by the authority under the law of either state or of Congress without authorization by the law of both states.

#### ARTICLE IX EMINENT DOMAIN

If the authority shall find and determine that any property or interest therein is required for a public use in furtherance of the purposes of the authority, said determination shall not be affected by the fact that such property has theretofore been taken over or is then devoted to a public use, but the public use in the hands or under the control of the authority, shall be deemed superior to the public use for which it has theretofore been taken or to which it is then devoted. The authority shall not exercise the power of eminent domain granted herein to acquire any property, other than a crossing, devoted to a public use, of either state, or of any municipality, local government, agency, public authority or commission, or of two or more of them, for any purpose other than a crossing, without having first secured the authorization of the holder of the title to the land in question and such other approvals as may be required by legislation of the state in which the project is to be located. The authority shall not exercise the power of eminent domain in connection with any commerce facility or development.

In any condemnation proceeding in connection with the acquisition by the authority of property or property rights of any character in either state and the right of inspection and immediate entry thereon, through the exercise by it of its power of eminent domain, any existing or future law or rule of court of the state in which such property is located with respect to the condemnation of property for the construction, reconstruction and maintenance of highways therein, shall control. The authority shall have the same power and authority with respect thereto as the state agency named in any such law; provided that nothing herein contained shall be construed as requiring joint or concurrent action by the two states with respect to the enactment, repeal or amendment of any law or rule of court on the subject of condemnation under which the authority may proceed by virtue of this article.

If the established grade of any street, avenue, highway or other route shall be changed by reason of the construction by the authority of any work so as to cause loss or injury to any property abutting on such street, avenue, highway or other route, the authority may enter into voluntary agreements with such abutting property owners and pay reasonable compensation for any loss or injury so sustained, whether or not it be compensable as damages under the condemnation law of the state.

The power of the authority to acquire property by condemnation shall be a continuing power, and no exercise thereof shall be deemed to exhaust it.

#### ARTICLE X REVENUES AND APPLICATION

a. The authority is hereby authorized to establish, levy and collect such tolls and other

charges as it may deem necessary, proper or desirable, in connection with any crossing, transportation or terminal facility, commerce facility or development, or other project which it is or may be authorized at any time to construct, own, operate or control, and the aggregate of said tolls and charges shall be at least sufficient (1) to meet the combined expenses of operation, maintenance and improvement thereof, (2) to pay the cost of acquisition or construction, including the payment, amortization and retirement of bonds or other securities or obligations assumed, issued or incurred by the authority, together with interest thereon and (3) to provide reserves for such purposes; and the authority is hereby authorized and empowered, subject to prior pledges, if any, to pledge such tolls and other revenues or any part thereof as security for the repayment with interest of any moneys borrowed by it or advanced to it for its authorized purposes and as security for the satisfaction of any other obligations assumed by it in connection with such loans or advances. There shall be allocated to the cost of the acquisition, construction, operation, maintenance and improvement of such facilities and projects, such proportion of the general expenses of the authority as it shall deem properly chargeable thereto.

The authority shall be required to provide appropriate supporting information and financial records related to the proposed increase in tolls, charges or fares to the presiding officers of the Legislature of the State of Delaware and the Legislature of the State of New Jersey at least five days in advance of the first public hearing required to be held on the proposed increase.

#### ARTICLE XI COVENANT WITH BONDHOLDERS

The two said states covenant and agree with each other and with the holders of any bonds or other securities or obligations of the authority, assumed, issued or incurred by it and as security for which there may be pledged the tolls and revenues or any part thereof of any crossing, transportation or terminal facility, commerce facility or development, or other project, that the two said states will not, so long as any of such bonds or other obligations remain outstanding and unpaid, diminish or impair the power of the authority to establish, levy and collect tolls and other charges in connection therewith, and that neither of the two said states will, so long as any of such bonds or other obligations remain outstanding and unpaid, authorize any crossing of the Delaware River or Delaware Bay south of the line mentioned in Article IV (a) of this compact, by any person or body other than the authority; unless, in either case, adequate provision shall be made by law for the protection of those advancing money upon such obligations.

Approved November 21, 2003.
