

## CHAPTER 52

**AN ACT** establishing an independent Office of State Comptroller, consolidating financial audit and performance reviews of State and local government units, revising various parts of statutory law and supplementing Title 52 of the Revised Statutes.

**BE IT ENACTED** by the Senate and General Assembly of the State of New Jersey:

C.52:15C-1 Findings, declarations relative to the office of the State Comptroller.

1. The Legislature finds and declares that:

As the size of State and local government agencies and authorities has grown over the last several decades to meet growing demands for governmental assistance and programs to meet new and growing societal needs, the State's ability to manage the various governmental systems of public financial control and accountability have not matched the State Government's responsibility to subject governmental financial activities to uniform, meaningful, and systematic public scrutiny;

Meeting the responsibility for overseeing and promoting the professional conduct of internal audits, providing assurance on the adequacy of internal financial controls within agencies of government, including assessing the adequacy of controls over financial management, contracting, financial reporting and the delivery of government programs and activities with due regard to efficiency, effectiveness and economy is a fundamental duty of governmental officials to the taxpayers and public whom they serve;

The Governor has the responsibility to manage the operations of the Executive branch of State government, including oversight of all entities exercising executive branch authority, public institutions of higher education, units of local government and boards of education, efficiently and effectively supported by audit and oversight functions that strengthen public accountability with the goal of increasing public trust and confidence that every tax dollar collected by government is spent wisely and well;

There is a compelling need for State government to put into practice the presumption that there will be independence and integrity in the financial oversight of the discharge of its duties and responsibilities carried out in a manner and under a structure that safeguards the fiscal resources with which it has been entrusted; and

There is a need, therefore, to establish an independent Office of the State Comptroller which will report directly to the Governor, to ensure that these responsibilities are met.

C.52:15C-2 Establishment of Office of the State Comptroller.

P.L. 2007, CHAPTER 52

"Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), adopt rules and regulations necessary to effectuate the purposes of this act.

b. The State Comptroller and the Office of the State Comptroller shall conduct audits and reviews in accordance with prevailing national and professional standards, rules, and practices relating to such audits and reviews in government environments, including the standards for performance reviews utilized by the United States Government Accountability Office or its successor, and the State Comptroller shall ensure that the office remains in compliance with such standards, rules, and practices.

c. (1) As to entities that are not required by law to undergo periodic certified financial audits, the State Comptroller shall determine the frequency with which financial audits shall be conducted of such entities by the State Comptroller by establishing objective criteria, which criteria shall weigh relevant risk factors, including, but not limited to, the size of the entity's budget and the entity's past performance.

(2) As to entities that are required by law to undergo periodic certified financial audits, the State Comptroller shall undertake analysis and review of the certified financial audits of such entities and of the procedures used to conduct those audits. When the State Comptroller's analysis and review identifies weaknesses, inadequacies or failures in the entity's financial controls or concerns about the quality or independence of the audits, the State Comptroller shall be authorized to undertake a financial audit or such other steps as the State Comptroller deems appropriate. In determining when to proceed with a financial audit, the State Comptroller may also take into account information obtained pursuant to section 10 of this act; referrals or recommendations from Executive branch departments or agencies; or assessments or evaluations of the entity's management, performance or financial condition from federal or State government agencies, such as those undertaken as part of the New Jersey Quality Single Accountability Continuum for school districts.

(3) The State Comptroller shall establish objective criteria for undertaking performance and other reviews authorized by this act, which criteria shall weigh relevant risk factors, including, but not limited to: (a) the size of the entity's budget, (b) the entity's past performance, (c) the frequency, scope, and quality of any audits or reviews that have been performed regarding the entity's financial condition or performance, (d) assessments or evaluations of the entity's management, performance or financial condition such as those undertaken as part of the New Jersey Quality Single Accountability Continuum for school districts, and (e) other credible information which suggests the necessity of a review.

(4) For purposes of this subsection, "entity" means any unit in the Executive branch of State government, including all entities exercising executive branch authority, public institutions of higher education, independent State authorities, units of local government and boards of education or their vendors. For purposes of this subsection, "certified financial audits" does not include audits conducted by the State Auditor.

d. The State Comptroller shall provide guidance to units in the Executive branch of State government, independent State authorities, units of local government and boards of education units that are required to engage outside auditors regarding procurement of their services, the rotation of the providers of such services, and the avoidance of possible conflicts of interest in the hiring of outside auditors.

e. In carrying out the duties, functions and responsibilities of the Office of the State Comptroller under this act, the State Comptroller shall not charge any costs incurred by the office against a unit of local government or board of education.

C.52:15C-9 Coordination of audits, investigations, performance reviews.

P.L. 2007, CHAPTER 52

9. a. The State Comptroller shall establish a system that shall ensure that any officers and employees of the Office of the Inspector General, the Department of Law and Public Safety, the Department of Education, the Department of the Treasury, the Department of Transportation, the Division of Local Government Services in the Department of Community Affairs, the Local Finance Board, and the Office of the State Auditor who perform audits, investigations, and performance reviews similar or identical to those authorized to be performed by the State Comptroller shall conduct their audits, investigations and reviews with the consultation of, and in coordination and cooperation with, the State Comptroller.

b. For the purpose of establishing and maintaining this system, the State Comptroller shall meet at periodic intervals, but at least four times annually, with the Attorney General, the State Treasurer, the State Inspector General, the Commissioner of Education, the Commissioner of Transportation, the Director of the Division of Local Government Services in the Department of Community Affairs, staff of the Local Finance Board, the State Auditor, and any other public officers or employees deemed necessary who perform audits, investigations, and performance reviews. The responsibility of all parties during these meetings shall be to: facilitate communication and exchange information on completed, current, and future audits, investigations, and reviews; avoid duplication and fragmentation of efforts; optimize the use of resources; avoid divisiveness and organizational uncertainty; promote effective working relationships; and avoid the unnecessary expenditure of public funds.

c. To further ensure the consultation of, and coordination and cooperation with, the State Comptroller, the Commissioner of Education, the Director of the Division of Local Government Services in the Department of Community Affairs, and the staff of the Local Finance Board shall promptly notify the State Comptroller of any local audits that have been submitted to them that reveal any significant deficiencies.

C.52:15C-10 Notice to State Comptroller of award of certain contracts; definitions.

10. a. In furtherance of the duty of the State Comptroller to audit and monitor the process of soliciting proposals for, and the process of awarding, contracts by contracting units which contracts involve a significant consideration or expenditure of funds, a contracting unit shall provide notice to the State Comptroller no later than 20 business days after the award of a contract involving consideration or an expenditure of more than \$2,000,000 but less than \$10,000,000.

As used in this section, "contracting unit" means the principal departments in the Executive branch of the State Government, and any division, board, bureau, office, commission or other instrumentality within or created by such department, any independent State authority, commission, instrumentality and agency, and any State college or university, any county college, and any unit of local government including a county, municipality, board of education and any board, commission, committee, authority or agency, thereof which has administrative jurisdiction over any project or facility, included or operating in whole or in part, within the territorial boundaries of any county, municipality or board of education which exercises functions which are appropriate for the exercise by one or more units of local government, and which has statutory power to make purchases and enter into contracts for the provision or performance of goods or services.

As used in this section, "contract" shall not include developers agreements entered into in conjunction with an approval granted under the "Municipal Land Use Law," P.L.1975, c. 291 (C.40:55D-1 et seq.), redevelopment agreements entered into under the "Local Redevelopment and Housing Law," P.L.1992, c.79 (C.40A:12A-1 et al.), financial agreements entered into under the "Long Term Tax Exemption Law," P.L.1991, c.431

P.L. 2007, CHAPTER 52

(C.40A:20-1 et seq.), agreements entered into under the "Five-Year Exemption and Abatement Law," P.L.1991, c.441 (C.40A:21-1 et seq.), agreements entered into under section 7 of P.L.1989, c.207 (C.54:4-3.145), agreements entered into under sections 34 through 39 of P.L.1997, c.278 (C.58:10B-26 through 58:10B-31), and agreements entered into under the "Municipal Landfill Site Closure, Remediation and Redevelopment Act," P.L.1996, c.124 (C.13:1E-116.1 et al.).

b. (1) A contracting unit shall inform the State Comptroller in writing, in a form to be determined by the State Comptroller, of the commencement of any procurement process involving consideration or an expenditure of \$10,000,000 or more at the earliest time practicable as the contracting unit commences the procurement process, but no later than the time the contracting unit commences preparation of: any bid specification or request for proposal; concession offering; proposal to purchase, sell, or lease real estate; or other related activities and contracts.

(2) Unless waived by the State Comptroller upon request of the contracting unit, at least 30 days shall elapse from the time the contracting unit informs the State Comptroller pursuant to paragraph (1) of this subsection and the time the contracting unit may issue any public advertising, notice of availability of a request for proposals or any other public or private solicitation of a contract for a procurement that is subject to this subsection in order that the State Comptroller may complete a review that may be undertaken pursuant to paragraph (4) of this subsection.

(3) At any time during that 30 days, or on a date thereafter, but no later than 15 business days before the date of a planned issuance of any public advertising, notice of availability of a request for proposals or any other public or private solicitation of a contract involving consideration or an expenditure of \$10,000,000 or more, the contracting unit shall provide notice to the State Comptroller, in a form to be determined by the State Comptroller and to include such documents and information as determined by the State Comptroller, of the planned action.

(4) Upon receipt of the notice and any accompanying documents and information required pursuant to paragraph (3) of this subsection, the State Comptroller may review such submission and provide a written determination to the contracting unit regarding whether the procurement process complies with applicable public contracting laws, rules, and regulations. The State Comptroller's review is not for the purpose of reviewing the contracting unit's decision to undertake the procurement or to otherwise supplant the contracting unit's authority to create or implement public policy. If the State Comptroller determines that the procurement process does not comply with applicable public contracting laws, rules, and regulations, the State Comptroller shall direct the contracting unit not to proceed with the procurement. In such an instance, the State Comptroller shall state the reasons for such determination and may include in its determination guidance to the contracting unit regarding an appropriate procurement process. A contracting unit may proceed with a planned procurement that is subject to this subsection after the expiration of the 30-day period or the granting of a waiver as provided in paragraph (2), unless it receives a written determination not to proceed from the State Comptroller within 15 business days of the date the contracting unit provided written notice to the State Comptroller pursuant to paragraph (3) of this subsection.

(5) Information communicated by or between a contracting unit and the State Comptroller pursuant to this subsection shall be considered advisory, consultative, or deliberative material for purposes of P.L.1963, c.73 (C.47:1A-1 et seq.), as amended and supplemented, except for written determinations designated by the State Comptroller as public records.

P.L. 2007, CHAPTER 52

c. Provided however, that the notice and review provided for in subsection b. of this section shall not apply to the award of any contract issued pursuant to section 6 of P.L.1971, c.198 (C.40A:11-6) or N.J.S.18A:18A-7, or under a public exigency requiring the immediate delivery of articles or performance of service under a contract issued pursuant to section 5 of P.L.1954, c.48 (C.52:34-10), or issued pursuant to any similar provisions of law and regulations thereunder applicable for a respective contracting unit. Notice of the award of any such contract shall be provided to the State Comptroller no later than 30 business days after the award.

d. The State Comptroller, in consultation with the Department of the Treasury, shall, no later than March 1, 2010, and March 1 of every fifth year thereafter, adjust the threshold amounts set forth in subsections a. and b. of this section, or the threshold amounts resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L.1971, c.198 (C.40A:11-2), and shall round the adjustment to the nearest \$100,000. The State Comptroller shall, no later than June 1, 2010, and June 1 of every fifth year thereafter, notify contracting units of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made.

C.52:15C-11 Reports from the State Comptroller relative to findings of audits and reviews.

11. a. The State Comptroller shall report the findings of audits and reviews performed by the office, and issue recommendations for corrective or remedial action, to the Governor, the President of the Senate and the Speaker of the General Assembly and to the unit in the Executive branch of State government, including any entity exercising executive branch authority, independent State authority, public institution of higher education, or unit of local government or board of education at issue. The unit in the Executive branch of State government, independent State authority, public institution of higher education, or unit of local government or board of education shall fully cooperate with the State Comptroller to develop recommendations for a corrective or remedial action plan. The State Comptroller shall monitor the implementation of those recommendations and shall conduct a subsequent review to determine whether there has been full implementation and continued compliance with those recommendations.

b. The State Comptroller shall report promptly to the Governor, the President of the Senate and the Speaker of the General Assembly if a unit in the Executive branch of State government, independent State authority, public institution of higher education, or unit of local government or board of education refuses to cooperate in development of a corrective or remediation plan or to comply with a plan.

c. The State Comptroller shall recommend that the Governor initiate disciplinary proceedings against any official or employee of a unit in the Executive branch of State government, including any entity exercising executive branch authority, or independent State authority who impedes an audit, or who fails or refuses to cooperate in the development of a corrective or remedial action plan or to comply with a plan. The Governor may cause an investigation to be made of the conduct of any such official or employee and may require such official to submit to the Governor a written statement or statements, under oath, of such information as the Governor may call for relating to the official's or the employee's conduct alleged by the State Comptroller. After notice, the service of charges and an opportunity to be heard at public hearing, the Governor may remove any such official or employee for cause. Such official or employee shall have the right of judicial review, on both the law and the facts, in such manner as may be provided by law.

d. If the State Comptroller is advised by the Commissioner of Education, the Director of the Division of Local Government Services in the Department of Community Affairs, staff of

P.L. 2007, CHAPTER 52

the Local Finance Board, or the State Auditor that a unit of local government or board of education or any official or employee thereof has impeded an audit, or has failed or refused to cooperate in the development of a corrective or remedial action plan or to comply with a plan recommended by such State official or employee thereof, the State Comptroller is authorized to recommend that the Governor (1) withhold the expenditure of State funds that may be due to be paid to that unit of local government or board of education, and (2) request the Commissioner of Education, the Director of the Division of Local Government Services in the Department of Community Affairs, or staff of the Local Finance Board, as may be appropriate for that unit of local government or board of education, to impose a corrective or remedial action plan that may include the prior approval by the State Comptroller of that local unit's or board's contracts and expenditures.

e. The State Comptroller shall provide periodic reports to the Governor, and shall issue an annual report to the Governor and submit that report to the Legislature pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1), which shall be available to the public. The reports shall include but shall not be limited to the reporting of any programmatic deficiencies and weaknesses that the State Comptroller's audits, investigations, and reviews have found, and detailing the efforts by, or the failure of, any unit in the Executive branch of State government, including any entity exercising executive branch authority, independent State authority or unit of local government or board of education to implement a recommended plan for corrective or remedial action.

C.52:15C-12 Referral of certain findings to the Attorney General, other authority.

12. The State Comptroller is authorized to refer findings that may constitute alleged criminal conduct to the Attorney General or other appropriate prosecutorial authority. In the course of conducting audits and performance reviews, the State Comptroller may refer matters for investigation to the State Inspector General or to the Attorney General or other appropriate authorities for further civil or administrative action, with recommendations to initiate actions to recover monies, to terminate contracts, or temporarily or permanently debar any person from contracting with or receiving funds from any unit in the Executive branch of State government, including any entity exercising executive branch authority, independent State authority or unit of local government or board of education.

C.52:15C-13 Notification from Attorney General relative to investigations, prosecutions.

13. a. When the State Comptroller or the State Inspector General refers a complaint alleging criminal conduct to the Attorney General or other appropriate prosecutorial authority and the Attorney General or prosecutorial authority decides not to investigate or prosecute the matter, the Attorney General or the prosecutorial authority shall promptly notify the State Comptroller and the State Inspector General. The Attorney General or the prosecutorial authority shall inform the State Comptroller and the State Inspector General as to whether an investigation is ongoing with regard to any matter so referred. The State Comptroller and the State Inspector General shall preserve the confidentiality of the existence of any ongoing criminal investigation.

If the Attorney General or the prosecutorial authority decides not to investigate or act upon the matter referred by the State Comptroller or the State Inspector General, the State Comptroller shall refer the matter to the State Inspector General after the receipt of such a notice.

Upon completion of an investigation or, in a case where the investigation leads to prosecution, upon completion of the prosecution, the Attorney General or the prosecutorial authority shall report promptly the findings and results to the State Comptroller and the State

P.L. 2007, CHAPTER 52

Inspector General. In the course of informing the State Comptroller and the State Inspector General, the Attorney General or prosecutorial authority shall give full consideration to the authority, duties, functions, and responsibilities of the State Comptroller and the State Inspector General, the public interest in disclosure, and the need for protecting the confidentiality of complainants and informants.

b. With respect to referrals to the State Inspector General, the State Inspector General shall report to the State Comptroller promptly when a final determination is made to not investigate or act upon the matter referred, or promptly upon completion of the investigation or action taken. The State Inspector General shall inform the State Comptroller as to whether an investigation is ongoing with regard to any matter so referred.

In the course of informing the State Comptroller, the State Inspector General shall give full consideration to the authority, duties, functions, and responsibilities of the State Comptroller, the public interest in disclosure, and the need for protecting the confidentiality of complainants and informants.

If the State Inspector General decides not to investigate or act upon the matter referred, the State Comptroller is authorized to continue an investigation after the receipt of such a notice.

c. The State Comptroller shall maintain a record of all matters referred and the responses received and shall be authorized to disclose information received as appropriate and as may be necessary to resolve the matter referred, to the extent consistent with the public interest in disclosure and the need for protecting the confidentiality of complainants and informants and preserving the confidentiality of ongoing criminal investigations.

C.52:15C-14 Full assistance, cooperation with State Comptroller, access to government documents.

14. a. All units in the Executive branch of State government, including entities exercising Executive branch authority, independent State authorities, public institutions of higher education, units of local government and boards of education and their employees shall provide full assistance and cooperation with any audit, performance review or contract review by the State Comptroller.

b. The State Comptroller shall have complete access to all "government records" of "public agencies," as those terms are defined pursuant to section 1 of P.L.1995, c.23 (C.47:1A-1.1), including all information listed as confidential and specifically excluded as a "government record," in section 1 of P.L.1995, c.23 (C.47:1A-1.1). Provided however, that any information listed as confidential and specifically excluded as a "government record," in that section, to which the State Comptroller shall have access, shall directly relate to a program or expenditure that is the subject of an audit, performance review or contract review by the State Comptroller, and provided further that if a public agency provides the State Comptroller with access to information that is subject to a confidentiality agreement, the public agency shall promptly notify the parties to the agreement that the information is being provided to the State Comptroller.

c. Whenever a person requests access to a government record that the State Comptroller or the State Inspector General, during the course of an audit, investigation, performance review or contract review obtained from another public agency, which record was open for public inspection, examination or copying before the audit, investigation or review commenced, the public agency from which the State Comptroller or the State Inspector General obtained the record shall comply with the request if made pursuant to P.L.1963, c.73 (C.47:1A-1 et seq.), provided that the request does not in any way identify the record sought by means of a reference to the State Comptroller's audit or review or to an investigation by

P.L. 2007, CHAPTER 52

the State Inspector General or any other public agency, including, but not limited to, a reference to a subpoena issued pursuant to such investigation.

d. Private vendors or other persons contracting with or receiving funds from a unit in the Executive branch of State government, including an entity exercising Executive branch authority, independent State authority, public institution of higher education, or unit of local government or board of education shall upon request by the State Comptroller provide the State Comptroller with prompt access to all relevant documents and information as a condition of the contract and receipt of public monies. The State Comptroller shall not disclose any document or information to which access is provided that is confidential or proprietary. If the State Comptroller finds that any person receiving funds from a unit in the Executive branch of State government, including an entity exercising executive branch authority, independent State authority, public institution of higher education, or unit of local government or board of education refuses to provide information upon the request of the State Comptroller, or otherwise impedes or fails to cooperate with any audit or performance review, the State Comptroller may recommend to the contracting unit that the person be subject to termination of their contract, or temporarily or permanently debarred from contracting with the contracting unit.

C.52:15C-15 Provision of technical assistance, training by the State Comptroller.

15. The State Comptroller shall provide technical assistance and training to units in the Executive branch of State government, including entities exercising executive branch authority, independent State authorities, public institutions of higher education, and units of local government and boards of education regarding best practices in developing and implementing financial management systems that will strengthen internal control procedures and prevent the misuse of public funds.

16. Section 1 of P.L.2005, c.119 (C.52:15B-1) is amended to read as follows:

C.52:15B-1 Findings, declarations relative to an office of the Inspector General.

1. The Legislature finds and declares that:

the State of New Jersey expends more than \$28 billion in taxpayer funds each year, and agencies at other levels of government expend billions more;

it is fundamental that all government officials be publicly accountable for such expenditures;

promoting integrity in the administration and operations of government and improving public accountability are the cornerstones of government;

one of the remedial actions that can be taken to improve such accountability is to identify areas where State spending is wasteful or inefficient;

the Governor has the responsibility to ensure a balanced budget, manage the operations of State government effectively and efficiently, and maintain necessary government programs and assistance to the public;

it is the duty of the Governor to guard against extravagance, waste, or fiscal mismanagement in the administration of any State appropriation;

it is critically important that public officers and employees, at all levels of government, discharge their duties and responsibilities in a lawful and ethical manner, while conserving the fiscal resources that have been entrusted to the government's care by the taxpayers;

there is a compelling need to centralize the responsibility for investigating allegations of the improper discharge of these duties and responsibilities concerning the expenditure of

P.L. 2007, CHAPTER 52

State funds by, and the procurement process of, all State departments and agencies, independent authorities, county and municipal governments, and boards of education; and

there is a need, therefore, to create the Office of the Inspector General, which will report directly to the Governor, to ensure that these responsibilities are met.

17. Section 7 of P.L.2005, c.119 (C.52:15B-7) is amended to read as follows:

**C.52:15B-7 Authority of the Inspector General.**

7. The Inspector General is authorized to establish a full-time program of investigation, to receive and investigate complaints concerning alleged fraud, waste, abuse, or mismanagement of State funds, designed to provide increased accountability, integrity, and oversight of:

all recipients of State funds, including, but not limited to, State departments and agencies, independent authorities, county and municipal governments, and boards of education;

the awarding and the execution of contracts awarded by the State, or any of its independent authorities, commissions, boards, agencies, or instrumentalities, which contracts involve a significant expenditure of public funds or are comprised of complex or unique components, or both, as determined by the Inspector General; and

the performance of governmental officers, employees, appointees, functions, and programs in order to promote efficiency, to identify cost savings, and to detect and prevent misconduct within the programs and operations of any governmental agency funded by, or disbursing, State funds.
