**BE IT ENACTED** by the Senate and General Assembly of the State of New Jersey:

1. N.J.S.18A:66-4 is amended to read as follows:

Membership.

18A:66-4. a. The membership of the retirement system shall consist of:

(a) all members of the teachers' pension and annuity fund enrolled as such as of December 31, 1955;

(b) any person becoming a teacher on or after January 1, 1956, except any person who has attained the age of 60 years prior to becoming a teacher after June 30, 1958 but before July 1, 1968;

(c) every teacher veteran as of January 1, 1956, who is not a member of the "Teachers' Pension and Annuity Fund" as of such date and who shall not have notified the board of trustees within 30 days of such date that he does not desire to become a member;

(d) any teacher employed on January 1, 1956, who is not a member of the Teachers' Pension and Annuity Fund and who elects to become a member under the provisions of N.J.S.18A:66-10.

b. (1) Before or on November 1, 2008, no person in employment, office or position, for which the annual salary or remuneration is fixed at less than \$500.00 shall be eligible to become a member of the retirement system.

(2) After November 1, 2008, a person who was a member of the retirement system on that date and continuously thereafter shall be eligible to be a member of the retirement system in employment, office or position, for which the annual salary or remuneration is fixed at \$500 or more.

(3) After November 1, 2008 and before or on the effective date of P.L.2010, c.1, a person who was not a member of the retirement system on November 1, 2008, or who was a member of the retirement system on that date but not continuously thereafter, and who is in employment, office or position, for which the annual salary or remuneration is certified by the applicable public entity at \$7,500 or more, shall be eligible to become a member of the retirement system. The \$7,500 minimum annual salary or remuneration amount shall be adjusted annually by the Director of the Division of Pensions and Benefits, by regulation, in accordance with changes in the Consumer Price Index but by no more than 4 percent. "Consumer Price Index" means the average of the annual increase, expressed as a percentage, in the consumer price index for all urban consumers in the New York City and Philadelphia metropolitan statistical areas during the preceding calendar year as reported by the United States Department of Labor.

(4) After the effective date of P.L.2010, c.1, no person in an employment, office or position of the State, or an agency, board, commission, authority or instrumentality of the State, for which the hours of work are fixed at fewer than 35 per week shall be eligible to become a member of the retirement system; and no person in employment, office or position with a board of education or other education employer for which the hours of work are fixed by a resolution of the board of education or other education employer at fewer than 32 per week shall be eligible to become a member of the retirement system. Any hour or part thereof, during which the person does not work due to the person's participation in a

voluntary or mandatory furlough program shall not be deducted in determining if a person's hours of work are fixed at fewer than 35 or 32 per week, as appropriate, for the purpose of eligibility.

2. N.J.S.18A:66-8 is amended to read as follows:

Continuance of membership.

18A:66-8. a. If a teacher:

(1) is dismissed by an employer by reason of reduction in number of teachers employed in the school district, institution or department when in the judgment of the employer it is advisable to abolish any office, position or employment for reasons of a reduction in the number of pupils, economy, a change in the administrative or supervisory organization or other good cause; or becomes unemployed by reason of the creation of a regional school district or a consolidated school district; or has been discontinued from service without personal fault or through leave of absence granted by an employer or permitted by any law of this State; and

(2) has not withdrawn the accumulated member's contributions from the retirement system, the teacher's membership may continue, notwithstanding any provisions of this article, if the member returns to service within a period of 10 years from the date of discontinuance from service. No credit for retirement purposes shall be allowed to the member covering the period of discontinuance, except as provided in this section. In computing the service or in computing final compensation, no time after September 1, 1919, during which a member shall have been employed as a teacher at an annual salary or remuneration, or a number of hours of work, fixed at less than that which is required for membership pursuant to N.J.S.18A:66-4 as applicable to the member shall be credited. In computing the service or in computing final compensation, no time after the effective date of P.L.2010, c.1, during which a member shall have been employed as a teacher for fewer than 32 hours per week shall be credited, unless the member shall have been a member since that effective date continuously. In the case of a veteran member credit shall be given for service rendered prior to January 1, 1955, in an employment, office or position if the annual salary or remuneration therefor was fixed at not less than \$300.00 and the service consisted of the performance of the full duties of the employment, office or position.

b. A teacher may purchase credit for time during which the teacher shall have been absent on an official leave without pay. The credit shall be purchased for a period of time equal to:

(1) three months or the duration of the leave, whichever is less; or

(2) if the leave was due to the member's personal illness, two years or the duration of the leave, whichever is less; or

(3) the period of leave that is specifically allowed for retirement purposes by the provisions of any law of this State.

The purchase shall be made in the same manner and be subject to the same terms and conditions provided for the purchase of previous membership service by N.J.S.18A:66-9.

3. Section 7 of P.L.1954, c.84 (C.43:15A-7) is amended to read as follows:

C.43:15A-7 Public Employees' Retirement System, established; membership.

7. There is hereby established the Public Employees' Retirement System of New Jersey in the Division of Pensions and Benefits of the Department of the Treasury. The membership of the retirement system shall include:

a. The members of the former "State Employees' Retirement System of New Jersey" enrolled as such as of December 30, 1954, who shall not have claimed for refund their accumulated deductions in said system as provided in this section;

b. Any person becoming an employee of the State or other employer after January 2, 1955 and every veteran, other than a retired member who returns to service pursuant to subsection b. of section 27 of P.L.1966, c.217 (C.43:15A-57.2) and other than those whose appointments are seasonal, becoming an employee of the State or other employer after such date, including a temporary employee with at least one year's continuous service. The membership of the retirement system shall not include those persons appointed to serve as described in paragraphs (2) and (3) of subsection a. of section 2 of P.L.2007, c.92 (C.43:15C-2), except a person who was a member of the retirement system prior to the effective date of sections 1 through 19 of P.L.2007, c.92 (C.43:15C-1 through C.43:15C-15, C.43:3C-9, C.43:15A-7, C.43:15A-75 and C.43:15A-135) and continuously thereafter; and

c. Every employee veteran in the employ of the State or other employer on January 2, 1955, who is not a member of any retirement system supported wholly or partly by the State.

d. Membership in the retirement system shall be optional for elected officials other than veterans, and for school crossing guards, who having become eligible for benefits under other pension systems are so employed on a part-time basis. Elected officials commencing service on or after the effective date of sections 1 through 19 of P.L.2007, c.92 (C.43:15C-1 through C.43:15C-15, C.43:3C-9, C.43:15A-7, C.43:15A-75 and C.43:15A-135) shall not be eligible for membership in the retirement system based on service in the elective public office, except that an elected official enrolled in the retirement system as of that effective date who continues to hold that elective public office without a break in service shall be eligible to continue membership in the retirement system under the terms and conditions of enrollment. Service in the Legislature shall be considered a single elective public office. Any part-time school crossing guard who is eligible for benefits under any other pension system and who was hired as a part-time school crossing guard prior to March 4, 1976, may at any time terminate his membership in the retirement system by making an application in writing to the board of trustees of the retirement system. Upon receiving such application, the board of trustees shall terminate his enrollment in the system and direct the employer to cease accepting contributions from the member or deducting from the compensation paid to the member. State employees who become members of any other retirement system supported wholly or partly by the State as a condition of employment shall not be eligible for membership in this retirement system. Notwithstanding any other law to the contrary, all other persons accepting employment in the service of the State shall be required to enroll in the retirement system as a condition of their employment, regardless of age.

(1) Before or on November 1, 2008, no person in employment, office or position, for which the annual salary or remuneration is fixed at less than \$1,500.00, shall be eligible to become a member of the retirement system.

(2) After November 1, 2008, a person who was a member of the retirement system on that date and continuously thereafter shall be eligible to be a member of the retirement system in employment, office or position, for which the annual salary or remuneration is fixed at \$1,500 or more.

(3) After November 1, 2008 and before or on the effective date of P.L.2010, c.1, a person who was not a member of the retirement system on November 1, 2008, or who was a member

of the retirement system on that date but not continuously thereafter, and who is in employment, office or position, for which the annual salary or remuneration is certified by the applicable public entity at \$7,500 or more, shall be eligible to become a member of the retirement system. The \$7,500 minimum annual salary or remuneration amount shall be adjusted annually by the Director of the Division of Pensions and Benefits, by regulation, in accordance with changes in the Consumer Price Index but by no more than 4 percent. "Consumer Price Index" means the average of the annual increase, expressed as a percentage, in the consumer price index for all urban consumers in the New York City and Philadelphia metropolitan statistical areas during the preceding calendar year as reported by the United States Department of Labor.

(4) After the effective date of P.L.2010, c.1, no person in an employment, office or position of the State, or an agency, board, commission, authority or instrumentality of the State, for which the hours of work are fixed at fewer than 35 per week shall be eligible to become a member of the retirement system; and no person in employment, office or position with a political subdivision of the State, or an agency, board, commission, authority or instrumentality of a political subdivision of the State, for which the hours of work are fixed by an ordinance or resolution of the political subdivision, or agency, board, commission, authority or instrumentality thereof, at fewer than 32 per week shall be eligible to become a member of the retirement system. Any hour or part thereof, during which the person does not work due to the person's participation in a voluntary or mandatory furlough program shall not be deducted in determining if a person's hours of work are fixed at fewer than 35 or 32 per week, as appropriate, for the purpose of eligibility.

e. Membership of any person in the retirement system shall cease if he shall discontinue his service for more than two consecutive years.

f. The accumulated deductions of the members of the former "State Employees' Retirement System" which have been set aside in a trust fund designated as Fund A as provided in section 5 of this act and which have not been claimed for refund prior to February 1, 1955 shall be transferred from said Fund A to the Annuity Savings Fund of the Retirement System, provided for in section 25 of this act. Each member whose accumulated deductions are so transferred shall receive the same prior service credit, pension credit, and membership credit in the retirement system as he previously had in the former "State Employees' Retirement System" and shall have such accumulated deductions credited to his individual account in the Annuity Savings Fund. Any outstanding obligations of such member shall be continued.

g. Any school crossing guard electing to terminate his membership in the retirement system pursuant to subsection d. of this section shall, upon his request, receive a refund of his accumulated deductions as of the date of his appointment to the position of school crossing guard. Such refund of contributions shall serve as a waiver of all benefits payable to the employee, to his dependent or dependents, or to any of his beneficiaries under the retirement system.

h. A temporary employee who is employed under the federal Workforce Investment Act shall not be eligible for membership in the system. Membership for temporary employees employed under the federal Job Training Partnership Act, Pub.L.97-300 (29 U.S.C.s.1501) who are in the system on September 19, 1986 shall be terminated, and affected employees shall receive a refund of their accumulated deductions as of the date of commencement of employment in a federal Job Training Partnership Act program. Such refund of contributions shall serve as a waiver of all benefits payable to the employee, to his dependent or dependents, or to any of his beneficiaries under the retirement system.

i. Membership in the retirement system shall be optional for a special service employee who is employed under the federal Older American Community Service Employment Act, Pub.L.94-135 (42 U.S.C.s.3056). Any special service employee employed under the federal Older American Community Service Employment Act, Pub.L.94-135 (42 U.S.C.s.3056), who is in the retirement system on the effective date of P.L.1996, c.139 may terminate membership in the retirement system by making an application in writing to the board of trustees of the retirement system. Upon receiving the application, the board shall terminate enrollment in the system and the member shall receive a refund of accumulated deductions as of the date of commencement of employment in a federal Older American Community Service Employment Act program. This refund of contributions shall serve as a waiver of all benefits payable to the employee, to any dependent or dependents, or to any beneficiary under the retirement system.

j. An employee of the South Jersey Port Corporation who was employed by the South Jersey Port Corporation as of the effective date of P.L.1997, c.150 (C.34:1B-144 et al.) and who shall be re-employed within 365 days of such effective date by a subsidiary corporation or other corporation, which has been established by the Delaware River Port Authority pursuant to subdivision (m) of Article I of the compact creating the Delaware River Port Authority (R.S.32:3-2), as defined in section 3 of P.L.1997, c.150 (C.34:1B-146), shall be eligible to continue membership while an employee of such subsidiary or other corporation.

4. Section 39 of P.L.1954, c.84 (C.43:15A-39) is amended to read as follows:

C.43:15A-39 Computing service.

39. In computing for retirement purposes the total service of a member about to be retired, the retirement system shall credit the member with the time of all service rendered by the member since that member's last enrollment, and in addition with all the service to which the member is entitled and with no other service. Except as otherwise provided in this act, this service credit shall be final and conclusive for retirement purposes unless the member shall discontinue service for more than two consecutive years. In the case of a member for whom compensation is defined in paragraph (2) of subsection r. of section 6 of P.L.1954, c.84 (C.43:15A-6), the retirement system shall credit the member with the time of all service rendered by the member during the part of any year that the member was a participant of the Defined Contribution Retirement Program, pursuant to paragraph (5) of subsection a. of section 2 of P.L.2007, c.92 (C.43:15C-2) as amended by section 12 of P.L.2007, c.103, and making contributions to that program.

For the purpose of computing service for retirement purposes, the board shall fix and determine by appropriate rules and regulations how much service in any year shall equal a year of service and a part of a year of service. Not more than one year shall be credited for all service in a calendar year. A member may purchase credit for time during which the member shall have been absent on an official leave without pay. The credit shall be purchased for a period of time equal to:

- (1) three months or the duration of the leave, whichever is less; or
- (2) if the leave was due to the member's personal illness, two years or the duration of the leave, whichever is less; or
- (3) the period of leave that is specifically allowed for retirement purposes by the provisions of any law of this State.

The purchase shall be made in the same manner and be subject to the same terms and conditions provided for the purchase of previous membership service credit by section 8 of

P.L.1954, c.84 (C.43:15A-8). In computing the service or in computing final compensation, no time during which a member was in employment, office, or position for which the annual salary or remuneration was fixed at less than \$500.00 in the case of service rendered prior to November 6, 1986, or for which the annual salary or remuneration, or the number of hours of work, is fixed at less than that which was required for membership pursuant to section 7 of P.L.1954, c.84 (C.43:15A-7) as applicable to the member in the case of service rendered on or after that date, shall be credited. In computing the service or in computing final compensation, no time during which a member was in employment, office, or position for which the hours of work were fewer per week than those required for membership pursuant to subsection d. of section 7 of P.L.1954, c.84 (C.43:15A-7) after the effective date of P.L.2010, c.1 shall be credited, unless the member shall have been a member since that effective date continuously. In the case of a veteran member credit shall be given for service rendered prior to January 2, 1955, in an employment, office or position if the annual salary or remuneration therefor was fixed at not less than \$300.00 and such service consisted of the performance of the full duties of the employment, office or position.

5. Section 65 of P.L.1954, c.84 (C.43:15A-65) is amended to read as follows:

C.43:15A-65 State employee membership.

65. (a) All employees of any public agency or organization of this State, which employs persons engaged in service to the public, shall be eligible to participate in the Public Employees' Retirement System; provided the employer consents thereto by resolution and files a certified copy of such resolution with the board of trustees of the Public Employees' Retirement System and the board of trustees approves thereof by resolution. Such organization shall be referred to in this act as the employer. If the participation of such employees is so approved then the employer shall contribute to the contingent reserve fund on account of its members at the same rate per centum as would be paid by employers other than the State.

(b) Notwithstanding the provisions of subsection (a) of this section, every person becoming an employee of a public agency or organization of this State, which employs persons engaged in service to the public, after June 30, 1966, who is not eligible to become a member of any other retirement system, shall be required to participate in the Public Employees' Retirement System. Notwithstanding the provisions of subsection (a) of this section, membership in the Public Employees' Retirement System shall be optional with any person in the employ of any such public agency or organization on June 30, 1966, provided such person is not required to be a member pursuant to another provision of this act, and provided further that such person is not eligible to be a member of any other retirement system. The provisions of this subsection shall not apply to any person whose position is temporary or seasonal, nor to any person in office, position or employment for which the annual salary or remuneration, or the number of hours of work, is fixed at less than that which is required for membership pursuant to section 7 of P.L.1954, c.84 (C.43:15A-7) as applicable to the member, nor to any person whose position is not covered by the old-age and survivors' insurance provisions of the federal Social Security Act. After the effective date of P.L.2010, c.1, the provisions of this subsection shall not apply to any person in office, position or employment for which the hours of work are fewer per week than those required for membership pursuant to subsection d. of section 7 of P.L.1954, c.84 (C.43:15A-7), unless the person shall have been a member since that effective date continuously. The public agency or organization employing any such person who becomes a member of the retirement

system pursuant to this subsection shall contribute to the contingent reserve fund on account of such employees at the same rate per centum as would be paid by employers other than the State.

6. Section 75 of P.L.1954, c.84 (C.43:15A-75) is amended to read as follows:

C.43:15A-75 Local employee membership.

75. (a) If this act is so adopted it shall become effective in the county or municipality adopting it on June 30 of the following year. Membership in the Public Employees' Retirement System shall be optional with the employees of the county, board of education or municipality in the service on the day the act becomes effective or on June 30, 1966, whichever is earlier, in such county, board of education or municipality except in the case of public employee veterans who on such date are members. An employee who elects to become a member within one year after this act so takes effect shall be entitled to prior service covering service rendered to the county, board of education or municipality prior to July 1, 1966 or prior to the date this act so becomes effective, whichever is earlier. Membership shall be compulsory for all employees entering the service of the county, board of education or municipality on July 1, 1966 or after the date this act becomes effective, whichever is earlier. Where any such employee entering the service of the county, board of education or municipality after the date this act so becomes effective has had prior service for which evidence satisfactory to the retirement system is presented, as an employee in such county, board of education or municipality before the date upon which this act so becomes effective, or July 1, 1966, whichever is earlier, such employee shall be entitled to prior service covering service rendered to the county, board of education or municipality prior to the date this act so becomes effective, or July 1, 1966, whichever is earlier.

(b) Notwithstanding the provisions of section 74 of this act and subsection (a) of this section, every person, other than a non-veteran elected official, becoming an employee of a county, board of education, municipality or school district after June 30, 1966, who is not eligible to become a member of another retirement system, shall be required to become a member of the Public Employees' Retirement System. Notwithstanding the provisions of section 74 of this act and subsection (a) of this section, membership in the retirement system shall be optional with any elected official who is not a veteran, regardless of the date he assumes office, and with any other person in the employ of any county, board of education, municipality or school district on June 30, 1966, provided such elected official or other person is not then a member and is not required to be a member of the retirement system pursuant to another provision of this act, and provided further that such person is not eligible to be a member of another retirement system. Elected officials commencing service on or after the effective date of sections 1 through 19 of P.L.2007, c.92 (C.43:15C-1 through C.43:15C-15, C.43:3C-9, C.43:15A-7, C.43:15A-75 and C.43:15A-135) shall not be eligible for membership in the retirement system based on service in the elective public office, except that an elected official enrolled in the retirement system as of that effective date who continues to hold that elective public office without a break in service shall be eligible to continue membership in the retirement system under the terms and conditions of enrollment.

The provisions of this subsection shall not apply to any person whose position is temporary or seasonal, nor to any person in office, position or employment for which the annual salary or remuneration, or the number of hours of work, is fixed at less than that which is required for membership pursuant to section 7 of P.L.1954, c.84 (C.43:15A-7) as applicable to the member, nor to any person whose position is not covered by the old age and

survivors' insurance provisions of the federal Social Security Act. After the effective date of P.L.2010, c.1, the provisions of this subsection shall not apply to any person in office, position or employment for which the hours of work are fewer per week than those required for membership pursuant to subsection d. of section 7 of P.L.1954, c.84 (C.43:15A-7), unless the person shall have been a member since that effective date continuously. No credit shall be allowed to any person becoming a member of the retirement system pursuant to this subsection for service rendered to the employer prior to July 1, 1966, until the provisions of section 74 of this act have been complied with, in which event such credit shall be allowed in accordance with the provisions of subsection (a) of this section; except that the governing body of any county, board of education or municipality may, by resolution, consent to the allowance of such credit and file a certified copy of such resolution with the board of trustees of the Public Employees' Retirement System.

7. Section 2 of P.L.2007, c.92 (C.43:15C-2) is amended to read as follows:

C.43:15C-2 Eligibility for participation in the Defined Contribution Retirement Program.

2. a. The following persons shall be eligible and shall participate in the Defined Contribution Retirement Program:

Service in the Legislature shall be considered a single elective public office.

(2) A person who commences service on or after the effective date of this section in an employment, office or position of the State or of a political subdivision thereof, or an agency, board, commission, authority or instrumentality of the State or of a subdivision, pursuant to an appointment by the Governor that requires the advice and consent of the Senate, or pursuant to an appointment by the Governor to serve at the pleasure of the Governor only during his or her term of office. This paragraph shall not be deemed to include a person otherwise eligible for membership in the State Police Retirement System or the Judicial Retirement System.

(3) A person who commences service on or after the effective date of this section in an employment, office or position in a political subdivision of the State, or an agency, board, commission, authority or instrumentality of a subdivision, pursuant to an appointment by an elected public official or elected governing body, that requires the specific consent or approval of the elected governing body of the political subdivision that is substantially similar in nature to the advice and consent of the Senate for appointments by the Governor of the State as that similarity is determined by the elected governing body and set forth in an adopted ordinance or resolution, pursuant to guidelines or policy that shall be established by the Local Finance Board in the Department of Community Affairs or the Department of Education, as appropriate to the elected governing body. This paragraph shall not be deemed to include a person otherwise eligible for membership in the Teachers' Pension and Annuity Fund or the Police and Firemen's Retirement System, or a person who is employed or appointed in the regular or normal course of employment or appointment procedures and consented to or approved in a general or routine manner appropriate for and followed by the political subdivision, or the agency, board, commission, authority or instrumentality of a subdivision, or a person who holds a professional license or certificate to perform and is

(6) A person in employment, office or position for which the annual salary or remuneration is less, or the hours of work per week are fewer, than that which is required to become a member of the Teachers' Pension and Annuity Fund or the Public Employees' Retirement System, or to make contributions to those systems as a member on the basis of any such employment, office or position, after November 1, 2008.

b. No person shall be eligible to participate in the retirement program with respect to any public employment, office, or position if:

(1) the base salary for that employment, office, or position is less than \$5,000 per year;

(2) the person is, on the basis of service in that employment, office, or position, eligible for membership or enrolled as a member of another State or locally-administered pension fund or retirement system established under the laws of this State including the Alternate Benefit Program, except as otherwise specifically provided in subsection a. of this section;

(3) the person is receiving a benefit as a retiree from any other State or locally-administered pension fund or retirement system established under the laws of this State, except as provided in section 1 of P.L.1977, c.171 (C.43:3C-3); or

(4) the person is an officer or employee of a political subdivision of this State or of a board of education, or of any agency, authority or instrumentality thereof, who is ineligible for membership in the Public Employees' Retirement System pursuant to section 20 of P.L.2007, c.92 (C.43:15A-7.2).

c. A person eligible and required to participate in the retirement program pursuant to paragraph (5) of subsection a. of this section may elect to waive participation with regard to that employment, office, or position by filing, when first eligible, on a form required by the division, a written waiver with the Division of Pensions and Benefits that waives all rights and benefits that would otherwise be provided by the retirement program. Such a person may thereafter elect to participate in the retirement program by filing, on a form required by the division, a written election to participate in the retirement program and participation in the retirement program pursuant to such election shall commence on the January 1 next following the filing of the election to participate.

d. Service credited to a participant in the Defined Contribution Retirement Program shall not be recognized as service credit to determine eligibility for employer-paid health care benefits in retirement pursuant to P.L.1961, c.49 (C.52:14-17.25 et seq.), N.J.S.40A:10-16 et seq., P.L.1979, c.391 (C.18A:16-12 et al.) or any other law, rule or regulation.

14. Section 7 of P.L.2007, c.92 (C.43:15C-7) is amended to read as follows:

C.43:15C-7 Insurance benefits under group contract.

7. The benefit under a group contract or contracts providing life insurance shall be in an amount equal to one and one-half the base annual salary of the participant in the retirement program, except that in the event of death after retirement, the amount payable shall equal  $\frac{3}{16}$  of the participant's base annual salary. "Base annual salary" means the base salary upon which contributions by the participant and the participant's employer to the retirement program were based during the last year of creditable service.

For purposes of this section, a participant shall be deemed to be in service and covered by the group life insurance for a period of official leave of absence without pay when such leave is due to illness or any reason other than illness, with such period to be determined by the Division of Pensions and Benefits, if satisfactory evidence is presented to the division of such official leave of absence. A participant shall be deemed to be on an official leave of absence only if the leave is formally approved by the employer prior to the time the leave commenced and timely notice is filed by the employer with the division. If timely notice is not filed, the employer shall be responsible for the payment of any benefits pursuant to this section if the participant was otherwise eligible for such benefits.

In the event of the death of a participant in active service in the first year of participation as a result of an accident met in the actual performance of duty at some definite time and

place, the death benefit payable pursuant to this section shall be computed at the annual rate of base salary.

No beneficiary of a retired participant shall be entitled to receive the death benefits payable in the event of death after retirement pursuant to this section unless the participant either: had at least 25 years of credited participation in the retirement program established pursuant to this act; or had at least 10 years of such credited participation and had attained 60 years of age and was an actively employed participant in the program in the year immediately preceding initial receipt of a retirement annuity. For a member who is a participant pursuant to paragraph (5) of subsection a. of section 2 of P.L.2007, c.92 (C.43:15C-2) as amended by section 12 of P.L.2007, c.103 and section 7 of P.L.2010, c.1, service credit in the Teachers' Pension and Annuity Fund, Police and Firemen's Retirement System, State Police Retirement System, or the Public Employees' Retirement System shall also be considered in determining if the participant met the requirements of this paragraph.

15. Section 11 of P.L.2007, c.92 (C.43:15C-11) is amended to read as follows:

C.43:15C-11 Facts requiring evidence of insurability.

11. Any person entitled to become a participant in the retirement program shall not be allowed any of the group life insurance and disability benefits if on the date of filing an application for participation the person is 60 or more years of age, or if the person makes application for participation in the retirement program beyond the year after first becoming eligible for participation, regardless of age, unless the participant furnishes satisfactory evidence of insurability and on the effective date of participation is actively at work and performing all regular duties at the customary place of employment.

The effective date of coverage for such benefits shall be the first day of the month which immediately follows the date when such evidence is determined to be satisfactory.

Such evidence of insurability shall not be required of any person enrolling in the retirement program upon transfer from another State-administered retirement system, if such retirement system provided a benefit of a similar nature and the transferring person was covered by such a benefit at the time of the transfer. If such transferring person was not covered by such a benefit at the time of the transfer, the person may be allowed the benefit under the group policy or policies; however, any such person shall furnish satisfactory evidence of insurability if he had been unable or failed to give such evidence as a member of the retirement system from which the person transferred. Such evidence of insurability shall not be required of any member of the Teachers' Pension and Annuity Fund, Police and Firemen's Retirement System, State Police Retirement System, or the Public Employees' Retirement System who is enrolling in the retirement program pursuant to paragraph (5) of subsection a. of section 2 of P.L.2007, c.92 (C.43:15C-2) as amended by section 12 of P.L.2007, c.103 and section 7 of P.L.2010, c.1, if such retirement system provides a benefit of a similar nature and the participant is covered by such a benefit at the time of enrollment in the program.

Any person who must furnish satisfactory evidence of insurability under the provisions of this section and who ceases to be a participant in the retirement program without such evidence having been given shall continue to be subject to the same requirement if the person subsequently becomes a participant.

16. Section 13 of P.L.2007, c.92 (C.43:15C-13) is amended to read as follows:

## C.43:15C-13 Disability benefit coverage.

13. The disability benefit coverage provided under a group policy or policies shall provide a monthly income if the participant becomes totally disabled from occupational or nonoccupational causes for a period of at least six consecutive months following the effective date of the coverage. The monthly disability benefit may be paid by the insurance company so long as the participant remains disabled up to the seventieth birthday, provided the disability commenced prior to the sixtieth birthday. The benefit shall terminate when the participant is no longer considered totally disabled or begins to receive retirement benefits.

The participant shall be considered totally disabled if the participant is unable to perform each duty of the participant's occupation and is under the regular care of a physician. After the 24 months following the commencement of such disability benefit payments, the participant shall be unable to engage in any gainful occupation for which the participant is reasonably fitted by education, training or experience. Total disability shall not be considered to exist if the participant is gainfully employed. Following an agreement with the insurance company and the policyholder, the participant may continue to receive disability benefits for a limited time while performing some type of work. During the period of rehabilitation, the monthly benefit shall be the regular payment less 80% of the participant's earnings from such rehabilitative position.

A participant shall be deemed to be in service and covered by the disability benefit insurance provisions for a period of no more than six months while on official leave of absence without pay if satisfactory evidence is presented to the Division of Pensions and Benefits that such leave of absence without pay is due to illness and that the participant was not actively engaged in any gainful occupation during such period of leave of absence without pay.

Disability benefit insurance provisions of the group policy or policies shall not cover disability resulting from or contributed to by pregnancy, act of war, intentionally self-inflicted injury, or attempted suicide whether or not sane. For purposes of such disability benefit coverage, the participant shall not be considered to be disabled while the participant is imprisoned or while outside the United States, its territories or possessions, or Canada.

If the participant has recovered from the disability for which the member had received benefits and again becomes totally disabled while insured, the later disability shall be regarded as a continuation of the prior one unless the participant has returned to full-time covered employment for at least six months. If the later absence is due to an unrelated cause and the participant had returned to full-time work, it shall be considered a new disability. The disability benefit insurance cannot be converted to an individual policy.

No participant shall be covered by the disability benefit provision of the group policy or policies except upon the completion of one year of full-time continuous employment in a position eligible for participation in the Defined Contribution Retirement Program. For a member who is a participant pursuant to paragraph (5) of subsection a. of section 2 of P.L.2007, c.92 (C.43:15C-2) as amended by section 12 of P.L.2007, c.103 and section 7 of P.L.2010, c.1, completion of one year of full-time continuous employment in a position eligible for membership in the Teachers' Pension and Annuity Fund, Police and Firemen's Retirement System, State Police Retirement System, or the Public Employees' Retirement System shall also be considered in determining if the participant met the requirements of this paragraph.

17. Section 14 of P.L.2007, c.92 (C.43:15C-14) is amended to read as follows:

C.43:15C-14 Amount of disability benefits; "Defined Contribution Retirement Program Disability Premium Fund."

14. The disability benefit provided under a group policy or policies shall be in an amount equal to 60% of the participant's base monthly salary, reduced by periodic benefits to which the participant may be entitled during the period of total disability. For a member who is a participant pursuant to paragraph (5) of subsection a. of section 2 of P.L.2007, c.92 (C.43:15C-2) as amended by section 12 of P.L.2007, c.103 and section 7 of P.L.2010, c.1, base monthly salary for this disability benefit shall mean the base or contractual salary upon which contributions were made to the Teachers' Pension and Annuity Fund, Police and Firemen's Retirement System, State Police Retirement System, or the Public Employees' Retirement System and to this program.

The periodic benefit by which the monthly disability benefit may be reduced shall include salary or wages, retirement benefits or benefits from any source for which the State or other public employer has paid any part of the cost or made payroll deductions, Social Security disability or other benefits, including dependents' benefits, and benefits paid by Social Security at the option of the participant before the age of 65, but not including any increase in Social Security benefits enacted after the disability benefit under such group policy or policies has commenced, and any other periodic benefits provided by law except on account of military service.

When a participant begins to receive a disability benefit under such group policy or policies, the insurance company shall pay an amount equal to the employee contribution which would have been required of the participant and deducted from the participant's base salary in order to meet the participant's obligation for the program. Such amount shall be paid by the insurance company without reduction by any other periodic benefit which the participant is eligible to receive. Such amount shall be paid by the insurance company to the insurer or insurers for the participant's retirement annuity.

Premiums for such disability coverage shall be paid from a special fund, hereby created, called the "Defined Contribution Retirement Program Disability Premium Fund." The State Treasurer shall estimate annually the amount that will be required for premiums for such benefits for the ensuing fiscal year and shall certify such amounts that shall be applied to the total State and other employer contributions due on behalf of the participants in the retirement program from the State and other employers, depositing such amounts in the premium fund. Additionally, employers will pay their share of the administrative costs of the program. The intervals for all payments and the allocation of administrative costs shall be determined by the Division of Pensions and Benefits including due dates and penalties for noncompliance.

18. Section 4 of P.L.1944, c.255 (C.43:16A-4) is amended to read as follows:

C.43:16A-4 Creditable service within act.

4. a. Only service as a policeman or fireman paid for by an employer, which was rendered by a member since that member's enrollment, or since that member's last enrollment in case of a break in service, plus service, if any, covered by a prior service liability, shall be considered as creditable service for the purposes of this act. A member may purchase credit for temporary service as a policeman or fireman, or as the holder of a title which, following the termination of that temporary service, became covered by the provisions of P.L.1944, c.255 (C.43:16A-1 et seq.), if that temporary service shall have resulted, without interruption, in a valid permanent or probational appointment as a policeman or fireman or to

a position, the title of which became covered by the retirement system following the member's appointment thereto. The purchase shall be made in the same manner and be subject to the same terms and conditions provided for the purchase of previous membership service by section 1 of P.L.1973, c.63 (C.43:16A-11.4).

b. In the case of a member for whom compensation is defined in paragraph (b) of subsection (26) of section 1 of P.L.1944, c.255 (C.43:16A-1), the retirement system shall credit the member with the time of all service rendered by the member during the part of any year that the member was a participant of the Defined Contribution Retirement Program, pursuant to paragraph (5) of subsection a. of section 2 of P.L.2007, c.92 (C.43:15C-2) as amended by section 7 of P.L.2010, c.1, and making contributions to that program.

19. Section 6 of P.L.1965, c.89 (C.53:5A-6) is amended to read as follows:

C.53:5A-6 Creditable service; purchase of service credit.

6. a. Service as a full-time commissioned officer, noncommissioned officer or trooper rendered as a member, and service credit which was transferred from the former "State Police Retirement and Benevolent Fund," shall, if the required contributions are made by the State and the member, be considered as creditable service. In addition, service as a chief inspector, deputy chief inspector, inspector and special inspector in the Motor Vehicle Commission or equivalent Civil Service classifications, including Chief, Highway Patrol Bureau; Assistant Chief (Major), Highway Patrol Bureau; Captain, Highway Patrol Bureau; Lieutenant, Highway Patrol Bureau; Sergeant, Highway Patrol Bureau; and Officer, Highway Patrol Bureau, and service credit may be transferred from the Police and Firemen's Retirement System and the Public Employees' Retirement System and shall, if the required contributions are made by the State and the member, be considered as creditable service. In addition, service as a member of the State Capitol Police Force, or as a Supervising Inspector, Principal Inspector, Senior Inspector, or Inspector Recruit in the Alcoholic Beverage Control Enforcement Bureau or as a Principal Marine Law Enforcement Officer, Senior Marine Law Enforcement Officer, or Marine Law Enforcement Officer in the Bureau of Marine Law Enforcement and service credit transferred from the Police and Firemen's Retirement System or the Public Employees' Retirement System shall, if the required contributions are made by the State and the member, be considered as creditable service.

A member on suspension shall be considered in service for the period of the suspension, but the period of suspension shall not be considered as creditable service unless the member receives salary therefor.

If an employee's membership has been terminated and he is re-enrolled as a member of the retirement system, he may purchase credit for all of his previous membership service by paying into the annuity savings fund the amount required by applying the factor, supplied by the actuary, as being applicable to his age at the time of the purchase, to his salary at that time. Such purchase may be made in regular installments equal to at least 1/2 the normal contribution to the retirement system, over a maximum period of 10 years. In order to give to such person the same credit for such service as he had at the time of termination, his pension credit shall be restored as it was at the time of his termination, upon the completion of one year of membership after his election to make the purchase and the payment of at least 1/2 the total amount due, except that in the case of retirement pursuant to sections 8, 27 and 28 of chapter 89 of the laws of 1965, the credit granted for the service being purchased shall be in direct proportion as the amount paid bears to the total amount of the arrearage obligation.

b. Any member of the retirement system, who, prior to becoming a member, had established service credits in another retirement system supported in whole or in part by the State, or who had rendered service to the State prior to becoming a member, or had purchased service credits while in the Police and Firemen's Retirement System or the Public Employees' Retirement System, while serving as chief inspector, deputy chief inspector, inspector or special inspector in the Enforcement Bureau, Motor Vehicle Commission, or as a member of the State Capitol Police Force, or as a Supervising Inspector, Principal Inspector, Senior Inspector, Inspector, or Inspector Recruit in the Alcoholic Beverage Control Enforcement Bureau, or as a Principal Marine Law Enforcement Officer, Senior Marine Law Enforcement Officer, or Marine Law Enforcement Officer in the Bureau of Marine Law Enforcement, for which he desires to establish credit in this retirement system, shall be permitted to purchase such credit or to transfer such previously purchased credit. If such credit is established and except as provided in subsection f., it shall be included in the computation of a retirement allowance on the basis of 1% of final compensation for each year of such service credit.

u. (1) "Compensation" for purposes of computing pension contributions means the base salary, for services as a member as defined in this act, which is in accordance with established salary policies of the State for all employees in the same position but shall not include individual salary adjustments which are granted primarily in anticipation of the member's retirement or additional remuneration for performing temporary duties beyond the regular workday or shift.

(2) In the case of a person who becomes a member of the retirement system on or after the effective date of P.L.2010, c.1, "compensation" means the amount of base salary equivalent to the annual maximum wage contribution base for Social Security, pursuant to the Federal Insurance Contributions Act, for services as a member as defined in this act, which is in accordance with established salary policies of the State for all employees in the same position but shall not include individual salary adjustments which are granted primarily in anticipation of the member's retirement or additional remuneration for performing temporary duties beyond the regular workday or shift.

24. N.J.S.18A:66-19 is amended to read as follows:

Annuity savings fund.

18A:66-19. The annuity savings fund shall be the fund in which shall be credited accumulated deductions and contributions by members or on their behalf to provide for their allowances.

A single account shall be established in this fund for each person who is or shall become a member and all contributions deducted from each such member's compensation shall be credited to this single account.

C.18A:66-19.1 TPAF members, eligibility based on one position.

25. a. Notwithstanding the provisions of any law to the contrary, after the effective date of P.L.2010, c.1, a person who is or becomes a member of the Teachers' Pension and Annuity Fund and becomes employed in more than one office, position, or employment covered by the retirement system or commences service in a covered office, position, or employment

with more than one employer shall be eligible for membership in the retirement system based upon only one of the offices, positions, or employments held concurrently. In the case of a person who holds more than one office, position, or employment covered by the retirement system, the retirement system shall designate the position providing the higher or highest compensation for the person with such concurrent positions as the basis for eligibility for membership and the compensation base for contributions and pension calculations.

b. Contributions shall be deducted only from the member's compensation for the office, position, or employment designated pursuant to subsection a. of this section and shall be credited to the member's single account established pursuant to N.J.S.18A:66-19. The designation by the retirement system of one office, position, or employment upon which membership in the retirement system shall be based shall be irrevocable as between or among the offices, positions, or employments held at the time the designation is made as long as the designated position is the one with the higher or highest compensation. A member who leaves a designated office, position, or employment, or acquires a different or additional office, position, or employment, may receive a new designation by the retirement system from among the offices, positions, or employments then held. Service in an office, position, or employment other than the one designated shall not be deemed creditable service for the purposes of the retirement system.

c. The provisions of subsections a. and b. of this section shall not apply to a person who, on the effective date of P.L.2010, c.1, is a member of the retirement system and holds more than one office, position, or employment covered by the retirement system with one or more employers, while the member continues to hold without a break in service more than one of those offices, positions, or employments. Any additional office, position, or employment acquired by the member shall not be deemed creditable service for the purposes of the retirement system and no designation for that member shall be made until only one of the offices, positions, or employments held on the effective date remains.

26. Section 25 of P.L.1954, c.84 (C.43:15A-25) is amended to read as follows:

C.43:15A-25 Annuity savings fund; members' contributions.

25. a. The annuity savings fund shall be the fund in which shall be credited accumulated deductions and contributions by members or on their behalf to provide for their allowances. A single account shall be established in this fund for each person who is or shall become a member and all contributions deducted from each such member's compensation shall be credited to this single account.

b. (1) Members enrolled in the retirement system on or after July 1, 1994 shall contribute 5% of compensation to the system. Members enrolled in the system prior to July 1, 1994 shall contribute 5% of compensation to the system effective with the payroll period for which the beginning date is closest to July 1, 1995, provided, however, that any member enrolled before July 1, 1994, whose full contribution rate under the system prior to the revisions by this act was less than 6%, shall pay 4% of compensation to the system effective with the payroll period for which the beginning date is closest to July 1, 1995, and 5% of compensation to the system effective with the payroll period for which the beginning date is closest to July 1, 1996.

(2) Members enrolled in the retirement system on or after July 1, 2007 who are:  
employees of the State, other than employees of the Judicial Branch;  
employees of an independent State authority, board, commission, corporation, agency or organization;

employees of a local school district, regional school district, county vocational school district, county special services school district, jointure commission, educational services commission, State-operated school district, charter school, county college, any officer, board, or commission under the authority of the Commissioner of Education or of the State Board of Education, and any other public entity which is established pursuant to authority provided by Title 18A of the New Jersey Statutes; or

employees of a State public institution of higher education, other than employees of the University of Medicine and Dentistry of New Jersey shall contribute 5.5% of compensation to the system, and all such members described above enrolled in the system prior to July 1, 2007 shall contribute 5.5% of compensation to the system effective with the payroll period for which the beginning date is closest to July 1, 2007.

Members enrolled in the retirement system on or after July 1, 2008, other than those described in the paragraph above, shall contribute 5.5% of compensation to the system. Members enrolled in the system prior to July 1, 2008, other than those described in the paragraph above, shall contribute 5.5% of compensation to the system effective with the payroll period that begins immediately after July 1, 2008.

c. The retirement system shall certify to each State department or subdivision thereof, and to each branch of the State service not included in a State department, and to every other employer, the proportion of each member's compensation to be deducted and to facilitate the making of deductions the retirement system may modify the deduction required by a member by such an amount as shall not exceed 1/10 of 1% of the compensation upon the basis of which the deduction is to be made.

If payment in full, representing the monthly or biweekly transmittal and report of salary deductions, is not made within 15 days of the due date established by the retirement system, interest at the rate of 6% per annum shall commence to run against the total transmittal of salary deductions for the period on the first day after such fifteenth day.

d. Every employee to whom this act applies shall be deemed to consent and agree to any deduction from his compensation required by this act and to all other provisions of this act. Notwithstanding any other law, rule or regulation affecting the salary, pay, compensation, other perquisites, or tenure of a person to whom this act applies, or shall apply, and notwithstanding that the minimum salary, pay, or compensation or other perquisites provided by law for him shall be reduced thereby, payment, less such deductions, shall be a full and complete discharge and acquittance of all claims and demands for service rendered by him during the period covered by such payment.

27. Section 1 of P.L.1972, c.167 (C.43:15A-135) is amended to read as follows:

C.43:15A-135 Members of Legislature; membership in retirement system, service dates.

1. Members of the Legislature commencing service on or after the effective date of sections 1 through 19 of P.L.2007, c.92 (C.43:15C-1 through C.43:15C-15, C.43:3C-9, C.43:15A-7, C.43:15A-75 and C.43:15A-135) shall not be eligible for membership in the retirement system based on service in that elective office. A member of the Legislature enrolled in the retirement system as of that effective date who continues to hold office as a member of the Legislature without a break in service shall be eligible to continue membership in the retirement system under the terms and conditions of the member's enrollment, except that during service in the Legislature, a legislator shall be a member of the retirement system on the basis of only one position of service in an elected office or of

employment with a participating employer, as designated by the retirement system pursuant to section 28 of P.L.2010, c.1 (C.43:15A-25.2).

C.43:15A-25.2 PERS members, eligibility based on one position.

28. a. Notwithstanding the provisions of any law to the contrary, after the effective date of P.L.2010, c.1, a person who is or becomes a member of the Public Employees' Retirement System and becomes employed in more than one office, position, or employment covered by the retirement system or commences service in a covered office, position, or employment with more than one employer shall be eligible for membership in the retirement system based upon only one of the offices, positions, or employments held concurrently. In the case of a person who holds more than one office, position, or employment covered by the retirement system, the retirement system shall designate the position providing the higher or highest compensation for the person with such concurrent positions as the basis for eligibility for membership and the compensation base for contributions and pension calculations.

b. Contributions shall be deducted only from the member's compensation for the office, position, or employment designated pursuant to subsection a. of this section and shall be credited to the member's single account established pursuant to section 25 of P.L.1954, c.84 (C.43:15A-25), or in the case of an eligible member of the Legislature, the legislative account established pursuant to section 2 of P.L.1972, c.167 (C.43:15A-136). The designation by the retirement system of one office, position or employment upon which membership in the retirement system shall be based shall be irrevocable as between or among the offices, positions, or employments held at the time the designation is made as long as the designated position is the one with the higher or highest compensation. A member who leaves a designated office, position, or employment or acquires a different or additional office, position, or employment, may receive a new designation by the retirement system from among the offices, positions, or employments then held. Service in an office, position, or employment other than the one designated shall not be deemed creditable service for the purposes of the retirement system.

c. The provisions of subsections a. and b. of this section shall not apply to a person who, on the effective date of P.L.2010, c.1, is a member of the retirement system and holds more than one office, position, or employment covered by the retirement system with one or more employers, while the member continues to hold without a break in service more than one of those offices, positions, or employments. Any additional office, position, or employment acquired by the member shall not be deemed creditable service for the purposes of the retirement system and no designation for that member shall be made until only one of the offices, positions, or employments held on the effective date remains.

29. Section 5 of P.L.1997, c.113 (C.43:3C-9.5) is amended to read as follows:

C.43:3C-9.5 "Non-forfeitable right to receive benefits" defined, contributions; construction of act.

5. a. For purposes of this section, a "non-forfeitable right to receive benefits" means that the benefits program, for any employee for whom the right has attached, cannot be reduced. The provisions of this section shall not apply to post-retirement medical benefits which are provided pursuant to law.

b. Vested members of the Teachers' Pension and Annuity Fund, the Judicial Retirement System, the Prison Officers' Pension Fund, the Public Employees' Retirement System, the Consolidated Police and Firemen's Pension Fund, the Police and Firemen's Retirement

System, and the State Police Retirement System, upon the attainment of five years of service credit in the retirement system or fund or on the date of enactment of this bill, whichever is later, shall have a non-forfeitable right to receive benefits as provided under the laws governing the retirement system or fund upon the attainment of five years of service credit in the retirement system or fund or on the effective date of this act, whichever is later. This subsection shall not be applicable to a person who becomes a member of these systems or funds on or after the effective date of P.L.2010, c.1, except that such person shall not include a person who at the time of enrollment in the retirement system or fund on or after that effective date transfers service credit, as permitted, from another State-administered retirement system or fund of which the person was a member immediately prior to the effective date and continuously thereafter, but shall include a former member of the retirement system or fund who has been granted a retirement allowance and is reenrolled in the retirement system or fund on or after that effective date after becoming employed again in a position that makes the person eligible to be a member of the retirement system.

c. The State shall make an annual normal contribution and an annual unfunded accrued liability contribution to each system or fund pursuant to standard actuarial practices authorized by law, unless both of the following conditions are met: (1) there is no existing unfunded accrued liability contribution due to the system or fund at the close of the valuation period applicable to the upcoming fiscal year; and (2) there are excess valuation assets in excess of the actuarial accrued liability of the system or fund at the close of the valuation period applicable to the upcoming fiscal year.

d. This act shall not be construed to preclude forfeiture, suspension or reduction in benefits for dishonorable service.

e. Except as expressly provided herein and only to the extent so expressly provided, nothing in this act shall be deemed to (1) limit the right of the State to alter, modify or amend such retirement systems and funds, or (2) create in any member a right in the corpus or management of a retirement system or pension fund.

30. Section 2 of P.L.2001, c.366 (C.43:15A-156) is amended to read as follows:

C.43:15A-156 Prosecutors, membership in Prosecutors Part, PERS credit.

2. a. Notwithstanding the provisions of any other law, prosecutors shall be members of the Prosecutors Part, established pursuant to P.L.2001, c.366 (C.43:15A-155 et seq.), of the Public Employees' Retirement System, established pursuant to P.L.1954, c.84 (C.43:15A-1 et seq.), if enrolled in the part prior to the effective date of P.L.2010, c.1, and shall be subject to the same membership and benefit provisions as State employees, except as provided by P.L.2001, c.366. Membership in the retirement system shall be a condition of employment for service as a prosecutor for a prosecutor enrolled in the part prior to the effective date of P.L.2010, c.1. Any service credit which has been established in the Public Employees' Retirement System by a prosecutor prior to the effective date of this act shall be established in the Prosecutors Part without further assessment of cost to the prosecutor; provided, however, any service credit which has been established in the Public Employees' Retirement System by a member of the retirement system in any position prior to service as a county prosecutor, nominated and appointed pursuant to Article VII, Section II, paragraph 1 of the New Jersey Constitution, shall be established in the Prosecutors Part without further assessment of cost to the prosecutor.

A prosecutor who becomes a member of the retirement system on or after the effective date of P.L.2010, c.1 shall not be a member of the Prosecutors Part and the provisions of

P.L.2001, c.366 (C.43:15A-155 et seq.) shall not apply to such prosecutor or the prosecutor's beneficiary.

b. All outstanding obligations, such as loans, purchases and other arrearage, shall be satisfied by a prosecutor as previously scheduled for payment to the Public Employees' Retirement System.

31. Section 16 of P.L.1964, c.241 (C.43:16A-11.1) is amended to read as follows:

C.43:16A-11.1 Special retirement; allowance; death benefits.

16. a. Should a member resign after having established 25 years of creditable service, he may elect "special retirement," provided, that such election is communicated by such member to the retirement system by filing a written application, duly attested, stating at what time subsequent to the execution and filing thereof he desires to be retired. He shall receive, in lieu of the payment provided in section 11, a retirement allowance which shall consist of:

(1) An annuity which shall be the actuarial equivalent of his aggregate contributions, and

(2) A pension in the amount which, when added to the member's annuity, will provide a total retirement allowance of 65% of his final compensation, plus 1% of his final compensation multiplied by the number of years of creditable service over 25 but not over 30; provided, however, that any member who has earned, prior to July 1, 1979, more than 30 years of creditable service, shall receive an additional 1% of his final compensation for each year of his creditable service over 30.

The board of trustees shall retire him at the time specified or at such other time within one month after the date so specified as the board finds advisable.

Upon the receipt of proper proofs of the death of such a retired member, there shall be paid to his beneficiary an amount equal to one-half of the final compensation received by the member.

b. The "special retirement" allowance payable under subsection a. of this section to any person who retired under the retirement system prior to December 20, 1989 shall be increased by an amount equal to 5% of the person's final compensation or by such lesser amount as would, if added to the allowance payable at the time of retirement, provide a total retirement allowance of 70% of final compensation, except that in the case of such a retirant who retired on or after July 1, 1979 and had earned prior to that date more than 30 years of creditable service, the amount of the increase shall be equal to 5% of the person's final compensation irrespective of the total retirement allowance which such an increase would provide. The provisions of this subsection shall not be construed either to require a reduction in the retirement allowance payable to any retirant or to provide for the payment of any adjustment in such an allowance with respect to any period of time prior to the first day of the month following that effective date.

32. Section 15 of P.L.1944, c.255 (C.43:16A-15) is amended to read as follows:

C.43:16A-15 Contributions, expenses of administration.

15. (1) The contributions required for the support of the retirement system shall be made by members and their employers.

(2) The uniform percentage contribution rate for members shall be 8.5% of compensation.

(3) (Deleted by amendment, P.L.1989, c.204).

(4) Upon the basis of the tables recommended by the actuary which the board adopts and regular interest, the actuary shall compute annually, beginning as of June 30, 1991, the amount of contribution which shall be the normal cost as computed under the projected unit credit method attributable to service rendered under the retirement system for the year beginning on July 1 immediately succeeding the date of the computation. This shall be known as the "normal contribution."

(5) (Deleted by amendment, P.L.1989, c.204).

(6) (Deleted by amendment, P.L.1994, c.62.)

(7) Each employer shall cause to be deducted from the salary of each member the percentage of earnable compensation prescribed in subsection (2) of this section. To facilitate the making of deductions, the retirement system may modify the amount of deduction required of any member by an amount not to exceed 1/10 of 1% of the compensation upon which the deduction is based.

(8) The deductions provided for herein shall be made notwithstanding that the minimum salary provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the service rendered by such person during the period covered by such payment, except as to the benefits provided under this act. The chief fiscal officer of each employer shall certify to the retirement system in such manner as the retirement system may prescribe, the amounts deducted; and when deducted shall be paid into said annuity savings fund, and shall be credited to the individual account of the member from whose salary said deduction was made.

(9) With respect to employers other than the State, upon the basis of the tables recommended by the actuary which the board adopts and regular interest, the actuary shall compute the amount of the accrued liability as of June 30, 1991 under the projected unit credit method, which is not already covered by the assets of the retirement system, valued in accordance with the asset valuation method established in this section. Using the total amount of this unfunded accrued liability, the actuary shall compute the initial amount of contribution which, if the contribution is increased at a specific rate and paid annually for a specific period of time, will amortize this liability. The State Treasurer shall determine, upon the advice of the Director of the Division of Pensions and Benefits, the board of trustees and the actuary, the rate of increase for the contribution and the time period for full funding of this liability, which shall not exceed 40 years on initial application of this section as amended by this act, P.L.1994, c.62. This shall be known as the "accrued liability contribution." Any increase or decrease in the unfunded accrued liability as a result of actuarial losses or gains for the 10 valuation years following valuation year 1991 shall serve to increase or decrease, respectively, the unfunded accrued liability contribution. Thereafter, any increase or decrease in the unfunded accrued liability as a result of actuarial losses or gains for subsequent valuation years shall serve to increase or decrease, respectively, the amortization period for the unfunded accrued liability, unless an increase in the amortization period will cause it to exceed 30 years. If an increase in the amortization period as a result of actuarial losses for a valuation year would exceed 30 years, the accrued liability contribution shall be computed for the valuation year in the same manner provided for the computation of the initial accrued liability contribution under this section.

With respect to the State, upon the basis of the tables recommended by the actuary which the board adopts and regular interest, the actuary shall annually determine if there is an amount of the accrued liability, computed under the projected unit credit method, which is

not already covered by the assets of the retirement system, valued in accordance with the asset valuation method established in this section. This shall be known as the "unfunded accrued liability." If there was no unfunded accrued liability for the valuation period immediately preceding the current valuation period, the actuary, using the total amount of this unfunded accrued liability, shall compute the initial amount of contribution which, if the contribution is increased at a specific rate and paid annually for a specific period of time, will amortize this liability. The State Treasurer shall determine, upon the advice of the Director of the Division of Pensions and Benefits, the board of trustees and the actuary, the rate of increase for the contribution and the time period for full funding of this liability, which shall not exceed 30 years. This shall be known as the "accrued liability contribution." Thereafter, any increase or decrease in the unfunded accrued liability as a result of actuarial losses or gains for subsequent valuation years shall serve to increase or decrease, respectively, the amortization period for the unfunded accrued liability, unless an increase in the amortization period will cause it to exceed 30 years. If an increase in the amortization period as a result of actuarial losses for a valuation year would exceed 30 years, the accrued liability contribution shall be computed for the valuation year in the same manner provided for the computation of the initial accrued liability contribution under this section. The State may pay all or any portion of its unfunded accrued liability under the retirement system from any source of funds legally available for the purpose, including, without limitation, the proceeds of bonds authorized by law for this purpose.

The value of the assets to be used in the computation of the contributions provided for under this section for valuation periods shall be the value of the assets for the preceding valuation period increased by the regular interest rate, plus the net cash flow for the valuation period (the difference between the benefits and expenses paid by the system and the contributions to the system) increased by one half of the regular interest rate, plus 20% of the difference between this expected value and the full market value of the assets as of the end of the valuation period. This shall be known as the "valuation assets." Notwithstanding the first sentence of this paragraph, the valuation assets for the valuation period ending June 30, 1995 shall be the full market value of the assets as of that date and, with respect to the valuation assets allocated to the State, shall include the proceeds from the bonds issued pursuant to the "Pension Bond Financing Act of 1997," P.L.1997, c.114 (C.34:1B-7.45 et seq.), paid to the system by the New Jersey Economic Development Authority to fund the unfunded accrued liability of the system. Notwithstanding the first sentence of this paragraph, the percentage of the difference between the expected value and the full market value of the assets to be added to the expected value of the assets for the valuation period ending June 30, 1998 for the State shall be 100% and for other employers shall be 57% plus such additional percentage as is equivalent to \$150,000,000. Notwithstanding the first sentence of this paragraph, the amount of the difference between the expected value and the full market value of the assets to be added to the expected value of the assets for the valuation period ending June 30, 1999 shall include an additional amount of the market value of the assets sufficient to fund (1) the unfunded accrued liability for the supplementary "special retirement" allowances provided under subsection b. of section 16 of P.L.1964, c.241 (C.43:16A-11.1) and (2) the unfunded accrued liability for the full credit toward benefits under the retirement system for service credited in the Public Employees' Retirement System and transferred pursuant to section 1 of P.L.1993, c.247 (C.43:16A-3.8) and the reimbursement of the cost of any credit purchase pursuant to section 3 of P.L.1993, c.247 (C.43:16A-3.10) provided under section 1 of P.L.2001, c.201 (C.43:16A-3.14).

"Excess valuation assets" means, with respect to the valuation assets allocated to the State, the valuation assets allocated to the State for a valuation period less the actuarial accrued liability of the State for the valuation period, and beginning with the valuation period ending June 30, 1998, less the present value of the expected additional normal cost contributions attributable to the provisions of P.L.1999, c.428 (C.43:16A-15.8 et al.) payable on behalf of the active members employed by the State as of the valuation period over the expected working lives of the active members in accordance with the tables of actuarial assumptions applicable to the valuation period, and less the present value of the expected additional normal cost contributions attributable to the provisions of P.L.2003, c.108 as amending section 16 of P.L.1964, c.241 (C.43:16A-11.1) payable on behalf of the active members employed by the State as of the valuation period over the expected working lives of the active members in accordance with the tables of actuarial assumptions applicable to the valuation period, if the sum is greater than zero. "Excess valuation assets" means, with respect to the valuation assets allocated to other employers, the valuation assets allocated to the other employers for a valuation period less the actuarial accrued liability of the other employers for the valuation period, excluding the unfunded accrued liability for early retirement incentive benefits pursuant to P.L.1993, c.99 for the other employers, and beginning with the valuation period ending June 30, 1998, less the present value of the expected additional normal cost contributions attributable to the provisions of P.L.1999, c.428 (C.43:16A-15.8 et al.) payable on behalf of the active members employed by other employers as of the valuation period over the expected working lives of the active members in accordance with the tables of actuarial assumptions applicable to the valuation period, and less the present value of the expected additional normal cost contributions attributable to the provisions of P.L.2003, c.108 as amending section 16 of P.L.1964, c.241 (C.43:16A-11.1) payable on behalf of the active members employed by other employers as of the valuation period over the expected working lives of the active members in accordance with the tables of actuarial assumptions applicable to the valuation period, if the sum is greater than zero.

If there are excess valuation assets allocated to the State or to the other employers for the valuation period ending June 30, 1995, the normal contributions payable by the State or by the other employers for the valuation periods ending June 30, 1995, and June 30, 1996 which have not yet been paid to the retirement system shall be reduced to the extent possible by the excess valuation assets allocated to the State or to the other employers, respectively, provided that with respect to the excess valuation assets allocated to the State, the General Fund balances that would have been paid to the retirement system except for this provision shall first be allocated as State aid to public schools to the extent that additional sums are required to comply with the May 14, 1997 decision of the New Jersey Supreme Court in *Abbott v. Burke*.

If there are excess valuation assets allocated to the other employers for the valuation period ending June 30, 1998, the accrued liability contributions payable by the other employers for the valuation period ending June 30, 1997 shall be reduced to the extent possible by the excess valuation assets allocated to the other employers.

If there are excess valuation assets allocated to the State or to the other employers for a valuation period ending after June 30, 1998, the State Treasurer may reduce the normal contribution payable by the State or by other employers for the next valuation period as follows:

(1) for valuation periods ending June 30, 1996 through June 30, 2000, to the extent possible by up to 100% of the excess valuation assets allocated to the State or to the other employers, respectively;

(2) for the valuation period ending June 30, 2001, to the extent possible by up to 84% of the excess valuation assets allocated to the State or to the other employers, respectively;

(3) for the valuation period ending June 30, 2002, to the extent possible by up to 68% of the excess valuation assets allocated to the State or to the other employers, respectively; and

(4) for valuation periods ending June 30, 2003 through June 30, 2007, to the extent possible by up to 50% of the excess valuation assets allocated to the State or to the other employers, respectively.

Notwithstanding the discretion provided to the State Treasurer in the previous paragraph to reduce the amount of the normal contribution payable by employers other than the State, the State Treasurer shall reduce the amount of the normal contribution payable by employers other than the State by \$150,000,000 in the aggregate for the valuation period ending June 30, 1998, and then the State Treasurer may reduce further pursuant to the provisions of the previous paragraph the normal contribution payable by such employers for that valuation period.

The normal and accrued liability contributions shall be certified annually by the retirement system and shall be included in the budget of the employer and levied and collected in the same manner as any other taxes are levied and collected for the payment of the salaries of members.

Notwithstanding the preceding sentence, the normal and accrued liability contributions to be included in the budget of and paid by the employer other than the State shall be as follows: for the payment due in the State fiscal year ending on June 30, 2004, 20% of the amount certified by the retirement system; for the payment due in the State fiscal year ending on June 30, 2005, a percentage of the amount certified by the retirement system as the State Treasurer shall determine but not more than 40%; for the payment due in the State fiscal year ending on June 30, 2006, a percentage of the amount certified by the retirement system as the State Treasurer shall determine but not more than 60%; and for the payment due in the State fiscal year ending on June 30, 2007, a percentage of the amount certified by the retirement system as the State Treasurer shall determine but not more than 80%.

The State Treasurer shall reduce the normal and accrued liability contributions payable by employers other than the State to 50 percent of the amount certified annually by the retirement system for payments due in the State fiscal year ending June 30, 2009. An employer that elects to pay the reduced normal and accrued liability contribution shall adopt a resolution, separate and apart from other budget resolutions, stating that the employer needs to pay the reduced contribution and providing an explanation of that need which shall include (1) a description of its inability to meet the levy cap without jeopardizing public safety, health, and welfare or without jeopardizing the fiscal stability of the employer, or (2) a description of another condition that offsets the long term fiscal impact of the payment of the reduced contribution. An employer also shall document those actions it has taken to reduce its operating costs, or provide a description of relevant anticipated circumstances that could have an impact on revenues or expenditures. This resolution shall be submitted to and approved by the Local Finance Board after making a finding that these fiscal conditions are valid and affirming the findings contained in the employer resolution.

An employer that elects to pay 100 percent of the amount certified by the retirement system for the State fiscal year ending June 30, 2009 shall be credited with such payment and any such amounts shall not be included in the employer's unfunded liability.

The actuaries for the retirement system shall determine the unfunded liability of the retirement system, by employer, for the reduced normal and accrued liability contributions provided under P.L.2009, c.19. This unfunded liability shall be paid by the employer in level

annual payments over a period of 15 years beginning with the payments due in the State fiscal year ending June 30, 2012 and shall be adjusted by the rate of return on the actuarial value of assets.

The retirement system shall annually certify to each employer the contributions due to the contingent reserve fund for the liability under P.L.2009, c.19. The contributions certified by the retirement system shall be paid by the employer to the retirement system on or before the date prescribed by law for payment of employer contributions for basic retirement benefits. If payment of the full amount of the contribution certified is not made within 30 days after the last date for payment of employer contributions for basic retirement benefits, interest at the rate of 10% per year shall be assessed against the unpaid balance on the first day after the thirtieth day.

(10) The treasurer or corresponding officer of the employer shall pay to the State Treasurer no later than April 1 of the State's fiscal year in which payment is due the amount so certified as payable by the employer, and shall pay monthly to the State Treasurer the amount of the deductions from the salary of the members in the employ of the employer, and the State Treasurer shall credit such amount to the appropriate fund or funds, of the retirement system.

If payment of the full amount of the employer's obligation is not made within 30 days of the due date established by this act, interest at the rate of 10% per annum shall commence to run against the unpaid balance thereof on the first day after such 30th day.

If payment in full, representing the monthly transmittal and report of salary deductions, is not made within 15 days of the due date established by the retirement system, interest at the rate of 10% per annum shall commence to run against the total transmittal of salary deductions for the period on the first day after such 15th day.

(11) The expenses of administration of the retirement system shall be paid by the State of New Jersey. Each employer shall reimburse the State for a proportionate share of the amount paid by the State for administrative expense. This proportion shall be computed as the number of members under the jurisdiction of such employer bears to the total number of members in the system. The pro rata share of the cost of administrative expense shall be included with the certification by the retirement system of the employer's contribution to the system.

(12) Notwithstanding anything to the contrary, the retirement system shall not be liable for the payment of any pension or other benefits on account of the employees or beneficiaries of any employer participating in the retirement system, for which reserves have not been previously created from funds, contributed by such employer or its employees for such benefits.

(13) (Deleted by amendment, P.L.1992, c.125.)

(14) Commencing with valuation year 1991, with payment to be made in Fiscal Year 1994, the Legislature shall annually appropriate and the State Treasurer shall pay into the pension accumulation fund of the retirement system an amount equal to 1.1% of the compensation of the members of the system for the valuation year to fund the benefits provided by section 16 of P.L.1964, c.241 (C.43:16A-11.1), as amended by P.L.1979, c.109.

(15) If the valuation assets are insufficient to fund the normal and accrued liability costs attributable to P.L.1999, c.428 (C.43:16A-15.8 et al.) as provided hereinabove, the normal and unfunded accrued liability contributions required to fund these costs for the State and other employers shall be paid by the State.

(16) The savings realized as a result of the amendments to this section by P.L.2001, c.44 in the payment of normal contributions computed by the actuary for the valuation periods

ending June 30, 1998 for employers other than the State shall be used solely and exclusively by a county or municipality for the purpose of reducing the amount that is required to be raised by the local property tax levy by the county for county purposes or by the municipality for municipal purposes, as appropriate. The Director of the Division of Local Government Services in the Department of Community Affairs shall certify for each year that each county or municipality has complied with the requirements set forth herein. If the director finds that a county or municipality has not used the savings solely and exclusively for the purpose of reducing the amount that is required to be raised by the local property tax levy by the county for county purposes or by the municipality for municipal purposes, as appropriate, the director shall direct the county or municipal governing body, as appropriate, to make corrections to its budget.

33. Section 16 of P.L.1944, c.255 (C.43:16A-16) is amended to read as follows:

C.43:16A-16 Funds to be established.

16. (1) All the assets of the retirement system shall be credited according to the purpose for which they are held to one of five funds, namely, the annuity savings fund, the pension accumulation fund, the retirement reserve fund, and the special reserve fund.

(2) The annuity savings fund shall be a fund in which shall be credited accumulated contributions by members or on their behalf to provide for their allowances. The aggregate contributions of a member withdrawn by him or paid to his estate or his designated beneficiary in event of his death as provided in this act shall be paid from the annuity savings fund. Upon the retirement of a member where the aggregate contributions of the member are to be provided in the form of an annuity, the aggregate contributions of the member shall be transferred from the annuity savings fund to the retirement reserve fund.

Upon the death of a member either before or after retirement any lump sum benefit payable shall be charged to the pension accumulation fund. Upon the retirement or death of a member the reserve of any pension payable to or on his account shall be transferred to the retirement reserve fund. The retirement system at the end of each fiscal year shall allow interest on the balance of the retirement reserve fund as of the beginning of said fiscal year at the regular interest rate applicable thereto to cover the interest creditable for the year. The amount so allowed shall be due and payable and shall be credited annually. All other income received on the securities, funds and investments of the retirement system shall be credited to the pension accumulation fund, except as provided by subsection (5) of this section. The retirement system, upon the advice of the actuary, shall transfer to and from the pension accumulation fund any surplus or deficit in the retirement reserve fund.

(4) The retirement reserve fund shall be the fund from which all retirement allowances and benefits in lieu thereof shall be paid. If the retirement allowance of a member who has been retired is subsequently canceled, the appropriate reserve shall be transferred to the pension accumulation fund and the annuity savings fund.

(5) The special reserve fund shall be the fund to which any earnings in excess of the amounts annually allowed under the provisions of subsection (3) of this section shall be transferred. No additional amounts shall be credited to the special reserve fund at any time when the total accumulations in such fund equal 1% of the book value of the investments of the retirement system. In this event, any such excess shall be credited to the pension accumulation fund. All losses from the sale of securities shall be charged against the special

reserve fund. The special reserve fund shall be considered for valuation purposes by the actuary as an asset of the retirement system.
