The sale or assignment of any amount of a tax credit transfer certificate allowed under this section shall not be exchanged for consideration received by the business of less than 75 percent of the transferred credit amount before considering any further discounting to present value which shall be permitted. Any amount of a tax credit transfer certificate used by a purchaser or assignee against a tax liability shall be subject to the same privileges, limitations, and conditions that apply to the use of the credit by the business that originally applied for and was allowed the tax credit, including treating the amount of excess as an overpayment under subsection f. of this section.
