The long-term and short-term capital markets have experienced significant deterioration in value and increased volatility, which can affect the liquidity and results of operations of businesses in the State and the State economy as a whole and which has significantly and materially adversely affected and continues to significantly and materially adversely affect the State's financial resources for Fiscal Year 2020 and Fiscal Year 2021.

ii. The impact of COVID-19 on the State, its economy, budget and finances is unpredictable and rapidly changing, but events surrounding COVID-19 will severely and negatively impact the State's economy and financial condition. (1) The State expects precipitous declines in revenues in Fiscal Year 2020 and Fiscal Year 2021, which include significant reductions in gross income tax revenues, corporation business tax revenues, and sales and use tax revenues due to required business shutdowns; motor fuels taxes due to mandated "stay-at home" orders; casino-related taxes due to casino closures; and lottery sales which have already started to decline;

(2) The State expects that it will need to significantly revise the estimated revenues and projected appropriations for Fiscal Years 2020 and 2021 contained in the Governor's Budget Message for Fiscal Year 2021 on February 25, 2020, which was delivered before the outbreak of COVID-19 within the State; and

(3) The State may encounter future increases in the State's actuarially recommended contributions to the State's pension plans to the extent that the valuation of pension plans is affected by the deterioration in value in the investment markets.

jj. From April 29, 2020 to the present, the Legislature and the Governor have continued to seek ways to restart the State economy and recover from the financial problems resulting from the COVID-19 Pandemic.

Each series of bonds shall bear such rate or rates of interest as may be determined by the issuing officials, which interest shall be payable semiannually, except that the first and last interest periods may be longer or shorter, in order that intervening semiannual payments may be at convenient dates, or as otherwise may be required by the applicable federal stimulus law.

11. a. The issuing officials may sell the bonds at a private sale, without advertisement, at such price or prices and under such terms and conditions as the issuing officials may prescribe. 16. If any bond is lost, mutilated, or destroyed, a new bond shall be executed and delivered of like tenor, in substitution for the lost, mutilated, or destroyed bond, upon the owner furnishing to the issuing officials evidence satisfactory to them of the loss, mutilation, or destruction of the bond, the ownership thereof, and security, indemnity, and reimbursement for expenses connected therewith, as the issuing officials may require.

17. The accrued interest, if any, received upon the sale of the bonds shall be applied to the discharge of a like amount of interest upon the bonds when due. Any expense incurred by the issuing officials for advertising, engraving, printing, clerical, authenticating, registering, legal, or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from the proceeds of the sale of the bonds by the State Treasurer, upon the warrant of the Director of the Division of Budget and Accounting in the Department of the Treasury, in the same manner as other obligations of the State are paid.

18. Bonds of each series issued hereunder shall mature, including any sinking fund redemptions, not later than the 35th year from the date of issue of that series, and in amounts as shall be determined by the issuing officials. The issuing officials may reserve to the State by appropriate provision in the bonds of any series the power to redeem any of the bonds prior to maturity at the price or prices and upon the terms and conditions as may be provided in the bonds.

19. a. Proceeds derived from the sale of each series of refunding bonds shall be applied, together with any other moneys legally available therefor, to the payment of the expenses authorized by this act and to the immediate payment of the principal of, redemption premium, if any, and interest due on any outstanding bonds to be refunded by the refunding bonds, or, to the extent not required for that immediate payment, shall be deposited, together with any other moneys legally available therefor, in trust with the State Treasurer, to be held separate and apart from all other funds of the State, or, at the direction of the issuing officials, in trust with one or more trustees or escrow agents, which trustees or escrow agents shall be trust companies or national or state banks having powers of a trust company, located either within or without the State. Proceeds or moneys deposited in trust with the State Treasurer or with one or more trustees or escrow agents shall be applied solely to the payment when due of the principal of, redemption premium, if any, and interest due and to become due on those outstanding bonds to be refunded on or prior to the redemption date or maturity date of the outstanding bonds, as the case may be. Proceeds or moneys so held by the State Treasurer or deposited with trustees or escrow agents may be invested in government securities (including government securities issued or held in book-entry form on the books of the Department of the Treasury of the United States); except that those government securities shall not be subject to redemption prior to their maturity other than at the option of the holder thereof. Except as provided in subsection b. of this section 19, neither government securities nor moneys so deposited with the State Treasurer or with trustees or escrow agents shall be

withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of, redemption premium, if any, and interest on the outstanding bonds to be refunded by the refunding bonds; except that any cash received from principal or interest payments on government securities deposited with the State Treasurer or with trustees or escrow agents: (1) to the extent that the cash will not be required at any time for that purpose, shall be paid over to the State as received by the State Treasurer or by the trustees or escrow agents, and (2) to the extent that cash will be required for that purpose at a later date, shall, to the extent practicable and legally permissible, be reinvested in government securities maturing at times and in amounts sufficient to pay when due the principal of, redemption premium, if any, and interest to become due on the outstanding bonds on and prior to the redemption date or maturity date of the outstanding bonds, as the case may be, and interest earned from those reinvestments to the extent not required for the payment of bonds shall be paid over to the State, as received by the State Treasurer or by the trustees or escrow agents.

b. Notwithstanding anything to the contrary contained in this section: (1) the State Treasurer or trustees or escrow agents shall, if so directed by the issuing officials, apply moneys on deposit with the State Treasurer or the trustees or escrow agents pursuant to the provisions of this section and redeem or sell government securities so deposited with the State Treasurer or the trustees or escrow agents and apply the proceeds thereof to: (a) the purchase of the outstanding bonds which were refunded by the deposit with the State Treasurer or the trustees or escrow agents of the moneys and government securities and immediately thereafter cancel all outstanding bonds so purchased or (b) the purchase of different government securities; except that the moneys and government securities on deposit with the State Treasurer or the trustees or escrow agents after the purchase and cancellation of the outstanding bonds or the purchase of different government securities shall be sufficient to pay, when due, the principal of, redemption premium, if any, and interest on all other outstanding bonds in respect of which the moneys and government securities were deposited with the State Treasurer or the trustees or escrow agents on or prior to the redemption date or maturity date of the outstanding bonds, as the case may be; and (2) if on any date, as a result of any purchases and cancellations of outstanding bonds or any purchases of different government securities as provided in this subsection, the total amount of moneys and government securities remaining on deposit with the State Treasurer or the trustees or escrow agents is in excess of the total amount which would have been required to be deposited with the State Treasurer or the trustees or escrow agents on that date in respect of the remaining outstanding bonds for which the deposit was made in order to pay when due the principal of, redemption premium, if any, and interest on those remaining outstanding bonds, the State Treasurer or the trustees or escrow agents shall, if so directed by the issuing officials, pay the amount of that excess to the State.

c. Any amounts held by the State Treasurer in a separate fund for the payment of the principal of and interest on outstanding bonds to be refunded, as provided in this section, shall, if so directed by the issuing officials, be transferred by the State Treasurer for deposit with one or more trustees or escrow agents as provided in this section, to be applied to the payment when due of the principal of, redemption premium, if any, and interest to become due on those outstanding bonds, as provided in this section.

d. The State Treasurer is authorized, upon direction of the issuing officials, to enter into contracts with one or more trust companies or national or state banks, to act as trustees or escrow agents as provided in this section, on terms and conditions as shall be approved by the issuing officials.

20. Any bond or bonds issued hereunder that have been refunded shall no longer be deemed to be outstanding, shall no longer constitute a direct obligation of the State of New Jersey, and the faith and credit of the State shall no longer be pledged to the payment of the principal of, redemption premium, if any, and interest on such bonds, and such bonds shall be secured solely by and payable solely from moneys and government securities deposited in trust with one or more trustees or escrow agents, which trustees and escrow agents shall be trust companies or national or state banks having powers of a trust company, located either within or without the State, as provided herein, whenever there shall be deposited in trust with the trustees or escrow agents, as provided herein, either moneys or government securities, including government securities issued or held in book-entry form on the books of the Department of the Treasury of the United States, the principal of and interest on which when due will provide money which, together with the moneys, if any, deposited with the trustees or escrow agents at the same time, shall be sufficient to pay when due the principal of, redemption premium, if any, and interest due and to become due on the bonds on or prior to the redemption date or maturity date thereof, as the case may be; provided the government securities shall not be subject to redemption prior to their maturity other than at the option of the holder thereof. The State of New Jersey hereby covenants with the holders of any bonds for which government securities or moneys shall have been deposited in trust with the trustees or escrow agents as provided in this section that, except as otherwise provided in this section, neither the government securities nor moneys so deposited with the trustees or escrow agents shall be withdrawn or used by the State for any purpose other than, and shall be held in trust for, the payment of the principal of, redemption premium, if any, and interest to become due on the bonds; provided that any cash received from the principal or interest payments on the government securities deposited with the trustees or escrow agents, to the extent such cash will not be required at any time for that purpose, shall be paid over to the State, as received by the trustees or escrow agents, free and clear of any trust, lien, pledge, or assignment securing the bonds; and to the extent the cash will be required for that purpose at a later date, shall, to the extent practicable and legally permissible, be reinvested in government securities maturing at times and in amounts sufficient to pay when due the principal of, redemption premium, if any, and interest to become due on the bonds on and prior to the redemption date or maturity date thereof, as the case may be, and interest earned from the reinvestments shall be paid over to the State, as received by the trustees or escrow agents, free and clear of any trust, lien, or pledge securing the bonds. Notwithstanding anything to the contrary contained herein: a. the trustees or escrow agents shall, if so directed by the issuing officials, apply moneys on deposit with the trustees or escrow agents pursuant to the provisions of this section, and redeem or sell government securities so deposited with the trustees or escrow agents, and apply the proceeds thereof to (1) the purchase of the bonds which were refunded by the deposit with the trustees or escrow agents of the moneys and government securities and immediately thereafter cancel all bonds so purchased, or (2) the purchase of different government securities; provided however, that the moneys and government securities on deposit with the trustees or escrow agents after the purchase and cancellation of the bonds or the purchase of different government securities shall be sufficient to pay when due the principal of, redemption premium, if any, and interest on all other bonds in respect of which the moneys and government securities were deposited with the trustees or escrow agents on or prior to the redemption date or maturity date thereof, as the case may be; and b. in the event that on any date, as a result of any purchases and cancellations of bonds or any purchases of different government securities, as provided in this sentence, the total amount of moneys and government securities remaining on deposit with the trustees or escrow agents is in excess of the total amount then required to be on deposit with the trustees or escrow agents

on that date in respect of the remaining bonds for which the deposit was made in order to pay when due the principal of, redemption premium, if any, and interest on the remaining bonds, the trustees or escrow agents shall, if so directed by the issuing officials, pay the amount of the excess to the State, free and clear of any trust, lien, pledge, or assignment securing the refunding bonds.

21. Refunding bonds issued pursuant to this act may be consolidated with other bonds issued pursuant to section 4 of this act or with bonds or refunding general obligation bonds issued pursuant to any other act for purposes of sale.

22. To provide funds to meet the interest and principal payment requirements for the bonds, including refunding bonds, issued under this act and outstanding, there is appropriated in the order following:

a. Revenue derived from the collection of taxes under the "Sales and Use Tax Act," P.L.1966, c.30 (C.54:32B-1 et seq.), or so much thereof as may be required; and

b. If, at any time, funds necessary to meet the interest, redemption premium, if any, and principal payments on outstanding bonds issued under this act are insufficient or not available, there shall be assessed, levied, and collected annually in each of the municipalities of the counties of this State, a tax on the real and personal property upon which municipal taxes are or shall be assessed, levied, and collected, sufficient to meet the interest on all outstanding bonds issued hereunder and on the bonds proposed to be issued under this act in the calendar year in which the tax is to be raised and for the payment of bonds falling due in the year following the year for which the tax is levied. The tax shall be assessed, levied, and collected in the same manner and at the same time as are other taxes upon real and personal property. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which the municipality is located, on or before December 15 in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of the tax to the State Treasurer on or before December 20 in each year.

If on or before December 31 in any year, the issuing officials, by resolution, determine that there are moneys in the General Fund beyond the needs of the State, sufficient to pay the principal of bonds falling due and all interest and redemption premium, if any, payable in the ensuing calendar year, the issuing officials shall file the resolution in the office of the State Treasurer, whereupon the State Treasurer shall transfer the moneys to a separate fund to be designated by the State Treasurer, and shall pay the principal, redemption premium, if any, and interest out of that fund as the same shall become due and payable, and the other sources of payment of the principal, redemption premium, if any, and interest provided for in this section shall not then be available, and the receipts for the year from the tax specified in subsection a. of this section shall be considered and treated as part of the General Fund, available for general purposes.

23. Should the State Treasurer, by December 31 of any year, deem it necessary, because of the insufficiency of funds collected from the sources of revenues as provided in this act, to meet the interest and principal payments for the year after the ensuing year, then the State Treasurer shall certify to the Director of the Division of Budget and Accounting in the Department of the Treasury the amount necessary to be raised by taxation for those purposes, the same to be assessed, levied, and collected for and in the ensuing calendar year. The director shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied, and collected in each county as herein set forth. This calculation shall be based upon the

corrected assessed valuation of each county for the year preceding the year in which the tax is to be assessed, but the tax shall be assessed, levied, and collected upon the assessed valuation of the year in which the tax is assessed and levied. The director shall certify the amount to the county board of taxation and the treasurer of each county. The county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

24. This act shall take effect immediately.
